### ITEM TITLE

AGENDA NO. 9

Midland Estates Subdivsion - Annexation

**AGENDA DATE:** 6/26/2024

**FUNDING CERTIFICATION (**Finance Director) (Signature, if applicable)

MANAGEMENT STAFF REVIEW (Signature)

MAYOR (Signature)

**ITEM HISTORY** (Previous Council reviews, action related to this item, and other pertinent history)

Preliminary subdivison plat for this property was approved by the Planning Commission on 6/12/2024. Petition for Annexation filed with county on 5/13/2024. Verified by Order from County Judge on 6/3/2024.

**ITEM COMMENTARY** (Background discussion, key points, recommendations, etc.) Please identify any or all impacts this proposed action would have on the City budget, personnel resources, and/or residents.

This is an annexation for a property in the City's Planning Area that abuts the City Limits. The property is being developed as a subdivison and has gone through DRC for Review and to Planning Commission where the Preliminary Plat was Approved. This annexation will be benefitial to the City of Bryant as the property will work to extend our city limits North towards existing Sewer infrastructure and other subdivisons with pre-annexation agreements. Based on the Planning Commission's Approval of Preliminary Plat and the completion of annexation requirements, it is recommended that the annexation be accepted. Our plan is to seek annexation of all of Midland Estates, as our Fire and Police already serve the area and will continue serving there. Annexing this area will allow the City to collect property and sales tax from residents there, which will help the City to recoup funds from the cost of services.

(This section to be completed by the Mayor)

The cost of this ladder truck, with equipment, is \$2 million. This purchase will replace our 2007 E-One Bronto Ladder Truck. This request is approximately 2 years ahead of our replacement schedule due to multiple maintenance issues with our 2007 Ladder Truck and the diffculty of finding parts to repair it. We currently have a \$2,500 agreement with the manufacturer to hold this truck, a Rosenbauer 101' King Cobra Ladder Truck. This agreement expires on September 22, 2024. In 2016, the position of Grounds & Maintenance Superintendent was created to oversee the maintenance and upkeep of all facilities and park spaces.

**ITEM COMMENTARY** (Background discussion, key points, recommendations, etc.) Please identify any or all impacts this proposed action would have on the City budget, personnel resources, and/or residents.

The position of Grounds & Maintenance Superintendent is currently vacant and at this time we would like to change the title of that position to Parks Superintendent so that the position is more conforming with the traditional parks and recreation structure. This position will continue to oversee all grounds and maintenance personnel and be responsible for the upkeep of all facilities and park spaces.

This is not a new position and is budget neutral.

**ITEM HISTORY** (Previous Council reviews, action related to this item, and other pertinent history)

In April of 2008, the last Water Master Plan was adopted by Council as the departement's official future plan. Crist Engineers presented a summary of the updated water master plan during WSAC which Council was asked to attend. The City has to have an adopted master plan for our system before we can move forward with certain studies.

**ITEM COMMENTARY** (Background discussion, key points, recommendations, etc.) Please identify any or all impacts this proposed action would have on the City budget, personnel resources, and/or residents.

It is important to note that this master plan will serve as our guide to how we budget for the future, how our rates are calculated, how different fees are analyzed, and how we plan for growth/development. Our last master plan was referenced very closely during our budget plannings. Adopting the master plan was the City's official master plan/CIP does not require us to complete those projects in the allocated amount of time, but justification would be provided if we did change parts of the master plan. Prices are all estimates, and please keep in mind the system is forever changing. This plan does not count for emergencies or unforeseen circumstances. We will actively communicate with Council and the community as we make our way through these projects. The master plan carries a recommendation from WSAC to adopt.

(This section to be completed by the Mayor)

ACTION PROPOSED (Motion for Consideration)

The Bryant Parkway Trail Connector secured the Surface Transportation Block Grant (STBG) from Metroplan in 2022, totaling \$110,000 for the design engineering. Due to project expenses surpassing the initial grant amount while collaborating with Garver, we are seeking additional funding for design and the addition of construction costs.

**ITEM COMMENTARY** (Background discussion, key points, recommendations, etc.) Please identify any or all impacts this proposed action would have on the City budget, personnel resources, and/or residents.

The Bryant Parkway Trail Connector will link two existing segments of the Bryant Parkway multi-use trail, starting near Raymar Road, crossing the I-30 corridor via the overpass, and continuing to Highway 5. The project aims to create a safe route for pedestrians and cyclists, connecting the North and South sides of Bryant. Currently at 30% design, we are applying for the design shortfall of \$220,914 and \$2,000,000 for construction, management, and inspection. The total amount requested is \$1,936,731.20, with a 20% match of \$484,182.80.
