WAIVER OF TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART

SCHEDULE

<p>Name Of Person Or Organization: Any person or organization with whom the insured has agreed to waive rights of recovery, provided such agreement is made in writing and prior to the loss.</p>
<p>Additional Premium is Included</p>
<p>Information required to complete this Schedule, if not shown above, will be shown in the Declarations.</p>

The following is added to Paragraph 8. **Transfer Of Rights Of Recovery Against Others To Us** of Section IV - Conditions:

We waive any right of recovery we may have against the person or organization shown in the Schedule above because of payments we make for injury or damage arising out of your ongoing operations or "your work" done under a contract with that person or organization and included in the "products-completed operations hazard". This waiver applies only to the person or organization shown in the Schedule above.

ATTACHED TO AND FORMING A PART OF POLICY NUMBER	ENDORSEMENT EFFECTIVE DATE (12:01 A.M. STANDARD TIME)	NAMED INSURED	AGENT NO.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

BLANKET ADDITIONAL INSURED ENDORSEMENT

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

With respect to this endorsement, **SECTION II—WHO IS AN INSURED** is amended to include as an additional insured any person or organization whom you are required to add as an additional insured on this policy under a written contract, written agreement or written permit which must be:

- a. Currently in effect or becoming effective during the term of the policy; and
- b. Executed prior to the "bodily injury," "property damage," or "personal and advertising injury."

The insurance provided to these additional insureds is limited as follows:

1. That person or organization is an additional insured only with respect to liability for "bodily injury," "property damage" or "personal and advertising injury" caused, in whole or in part, by:
 - a. Your acts or omissions; or
 - b. The acts or omissions of those acting on your behalf.

A person's or organization's status as an additional insured under this endorsement ends when your operations for that additional insured are completed.

2. With respect to the insurance afforded to these additional insureds, the following exclusions are added to item 2. **Exclusions of SECTION I—COVERAGES:**

This insurance does not apply to "bodily injury," "property damage" or "personal and advertising injury" occurring after:

- a. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
 - b. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.
3. The limits of insurance applicable to the additional insured are those specified in the written contract, written agreement or written permit or in the Declarations for this policy, whichever is less. These limits of insurance are inclusive of, and not in addition to, the Limits of Insurance shown in the Declarations for this policy.
 4. Coverage is not provided for "bodily injury," "property damage," or "personal and advertising injury" arising out of the sole negligence of the additional insured.
 5. The insurance provided to the additional insured does not apply to "bodily injury," "property damage," or "personal and advertising injury" arising out of an architect's, engineer's or surveyor's rendering of or failure to render any professional services including:

- a. The preparing, approving or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; and
 - b. Supervisory, inspection, architectural or engineering activities.
6. Any coverage provided hereunder will be excess over any other valid and collectible insurance available to the additional insured whether primary, excess, contingent or on any other basis unless a

written contract specifically requires that this insurance be primary.

When this insurance is excess, we will have no duty under **SECTION I—COVERAGES** to defend the additional insured against any “suit” if any other insurer has a duty to defend the additional insured against that “suit.” If no other insurer defends, we will undertake to do so, but we will be entitled to the additional insured’s rights against all those other insurers.

I hereby certify the above to be true and correct, and state that I am operating a business in accordance with the city's zoning regulations and/or any other city, state, or federal laws which may be applicable. I understand violation of Temporary Business Ordinance 2007-43 is a misdemeanor punishable by a fine of up to \$500.00 per occurrence of violation. Each day's occurrence is a separate violation. No temporary business may operate for more than 180 days during any consecutive 12-month period.

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY)

6/19/2024

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

WAIVER OF TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US

This endorsement modifies Insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART

SCHEDULE

Name Of Person Or Organization:

Any person or organization with whom the insured has agreed to waive rights of recovery, provided such agreement is made in writing and prior to the loss.

Additional Premium is Included

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

The following is added to Paragraph 8. **Transfer Of Rights Of Recovery Against Others To Us** of Section IV - Conditions:

We waive any right of recovery we may have against the person or organization shown in the Schedule above because of payments we make for injury or damage arising out of your ongoing operations or "your work" done under a contract with that person or organization and included in the "products-completed operations hazard". This waiver applies only to the person or organization shown in the Schedule above.

ATTACHED TO AND FORMING A PART OF POLICY NUMBER	ENDORSEMENT EFFECTIVE DATE (12:01 A.M. STANDARD TIME)	NAMED INSURED	AGENT NO.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

BLANKET ADDITIONAL INSURED ENDORSEMENT

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

With respect to this endorsement, **SECTION II—WHO IS AN INSURED** is amended to include as an additional insured any person or organization whom you are required to add as an additional insured on this policy under a written contract, written agreement or written permit which must be:

- a. Currently in effect or becoming effective during the term of the policy; and
- b. Executed prior to the "bodily injury," "property damage," or "personal and advertising injury."

The insurance provided to these additional insureds is limited as follows:

1. That person or organization is an additional insured only with respect to liability for "bodily injury," "property damage" or "personal and advertising injury" caused, in whole or in part, by:
 - a. Your acts or omissions; or
 - b. The acts or omissions of those acting on your behalf.

A person's or organization's status as an additional insured under this endorsement ends when your operations for that additional insured are completed.

2. With respect to the insurance afforded to these additional insureds, the following exclusions are added to item 2. **Exclusions of SECTION I—COVERAGES:**

This insurance does not apply to "bodily injury," "property damage" or "personal and advertising injury" occurring after:

- a. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
 - b. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.
3. The limits of insurance applicable to the additional insured are those specified in the written contract, written agreement or written permit or in the Declarations for this policy, whichever is less. These limits of insurance are inclusive of, and not in addition to, the Limits of Insurance shown in the Declarations for this policy.
 4. Coverage is not provided for "bodily injury," "property damage," or "personal and advertising injury" arising out of the sole negligence of the additional insured.
 5. The insurance provided to the additional insured does not apply to "bodily injury," "property damage," or "personal and advertising injury" arising out of an architect's, engineer's or surveyor's rendering of or failure to render any professional services including:

- a. The preparing, approving or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; and
 - b. Supervisory, inspection, architectural or engineering activities.
6. Any coverage provided hereunder will be excess over any other valid and collectible insurance available to the additional insured whether primary, excess, contingent or on any other basis unless a

written contract specifically requires that this insurance be primary.

When this insurance is excess, we will have no duty under **SECTION I—COVERAGES** to defend the additional insured against any "suit" if any other insurer has a duty to defend the additional insured against that "suit." If no other insurer defends, we will undertake to do so, but we will be entitled to the additional insured's rights against all those other insurers.

NOTE:
CUSTOMER RESPONSIBLE FOR INSTALLATION/PAINTING & STALL STARS.

GENERAL NOTES

- INSTALLER SHALL VERIFY WALL CONDITIONS IN THE FIELD
- TYPE, SIZE & QUANTITY OF FASTENERS TO BE DETERMINED
- ALL BOLT HOLES TO BE DRILLED OR PUNCHED
- ISOLATE ALL ALUMINUM FROM STEEL.

NEW & REMODEL CONSTRUCTION

ADEQUATE BEHIND THE WALL BACKING AND ACCESS IS REQUIRED FOR THE INSTALLATION OF NEW SIGNAGE. CUSTOMER TO FORWARD APPROVED SIGNAGE DRAWINGS TO THE ON SITE CONTACT TO INSURE THAT THE REQUIRED PROVISIONS ARE MADE DURING CONSTRUCTION, PRIOR TO THE SIGN INSTALLATION.

INSTALLER REQUIREMENTS FOR EIFS WALLS

IT IS THE RESPONSIBILITY OF THE INSTALLATION CONTRACTOR TO PROVIDE ANY WALL SPACERS REQUIRED TO KEEP EIFS WALL MATERIAL FROM BEING COMPACTED DURING INSTALLATION OF ANY MOUNTING BOLTS REQUIRED FOR SIGNAGE.

INSTALLER REQUIREMENTS

ALL INSTALLATION (MOUNTING) HARDWARE AND SECONDARY WIRING COMPONENTS, CONDUIT & CONNECTORS, ETC ARE TO BE PROVIDED BY THE INSTALLATION CONTRACTOR

ALL WALL PENETRATIONS TO BE SEALED WITH SILICONE TO HELP PREVENT MOISTURE PENETRATION @ EXTERIOR LOCATIONS.

ANY DEVIATION FROM FEDERAL HEALTH REQUIREMENTS MAY RESULT IN DAMAGE TO OR IMPROPER OPERATION OF SIGNAGE, CAUSING DELAYS AND ADDITIONAL COSTS.

CUSTOMER TO PROVIDE DEDICATED BRANCH CIRCUITS FOR SIGNS ONLY PER NEC CODE 600.5

ALL BRANCH CIRCUITS FOR SIGNS MUST BE TOTALLY DEDICATED TO SIGNS (INCLUDING DEDICATED GROUND & NEUTRAL, PER CIRCUIT) AND SHALL NOT BE SHARED WITH OTHER LOADS (SUCH AS LIGHTING, A/C and OTHER EQUIPMENT). PROPERLY SIZED GROUND WIRE THAT CAN BE TRACED BACK TO THE BREAKER PANEL IS REQUIRED.

NUMBER AND SIZE OF CIRCUITS FOR EACH SIGN MUST MEET FEDERAL HEALTH SIGN REQUIREMENTS.

ALL ELECTRICAL SIGNS SHALL CONFORM TO THE REQUIREMENTS OF ARTICLE 600 OF THE N.E.C. AND U.L. 48 ALONG WITH OTHER APPLICABLE STATE & LOCAL CODE REQUIREMENTS. THIS INCLUDES PROPER GROUNDING AND BONDING OF THE SIGN

120V - 20 AMP (PRIMARY ELECTRICAL SERVICE) CIRCUITS AND FINAL CONNECTION TO EACH SIGN, TO WITHIN 6 FT TO BE BY THE CUSTOMER'S CERTIFIED ELECTRICIAN. NUMBER AND SIZE OF CIRCUITS FOR EACH SIGN TO MEET FEDERAL HEALTH SIGN COMPANY REQUIREMENTS

WARRANTY NOTICE

CERTAIN ELECTRICAL COMPONENTS OF SIGNS WILL FAIL PREMATURELY IF NOT SHUT OFF FOR A PERIOD OF TIME, ONCE EACH DAY. FOR BEST PERFORMANCE WE RECOMMEND THAT SIGNS BE CONNECTED TO AN AUTOMATIC CONTROLLING DEVICE SUCH AS AN EMERGENCY MANAGEMENT SYSTEM, TIME CLOCK OR PHOTO CELL TO CONTROL THE DAILY SHUT-OFF PERIOD. FAILURE TO FOLLOW THESE RECOMMENDATIONS CAN CAUSE DAMAGE TO ELECTRICAL COMPONENTS OF THE SIGN AND VOID THE WARRANTY. SOME DIMMING DEVICES WILL ADVERSELY AFFECT THE ELECTRICAL COMPONENTS OF THE SIGN IT IS ATTACHED TO, CAUSING FAILURE. ANY DIMMING OF THE SIGN WITHOUT CONSULTATION WITH FEDERAL HEALTH SIGN CO. WILL VOID THE WARRANTY.

Application Checklist

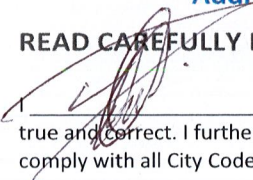

Requirements for Submission

- Letter stating request of Conditional Use and reasoning for request
- Completed Conditional Use Permit Application
- Submit Conditional Use Permit Application Fee (\$125)
- Submit Copy of completed Public Notice
- Publication: Public Notice shall be published at least one (1) time fifteen (15) days prior to the public hearing at which the variance will be heard. Once published please provide a proof of publication to the Community Development office.
- Posting of Property: The city shall provide a sign to post on the property involved for the fifteen (15) consecutive days leading up to Public hearing. One (1) sign is required for every two hundred (200) feet of street frontage.
- Submit eight (8) Copies of the Development Plan (Site Plan) showing:
 - Location, size, and use of buildings/signs/land or improvements
 - Location, size, and arrangement of driveways and parking. Ingress/Egress
 - Existing topography and proposed grading
 - Proposed and existing lighting
 - Proposed landscaping and screening
 - Use of adjacent properties
 - Scale, North Arrow, Vicinity Map
 - Additional information that may be requested by the administrative official due to unique conditions of the site.

Once the application is received, the material will be reviewed to make sure all the required information is provided. The applicant will be notified if additional information is required. The application will then go before the Development and Review Committee (DRC) for a recommendation to the Planning Commission. A public hearing will be held at this meeting for comments on the Conditional Use. After the public hearing, the Planning Commission will make a decision on the use.

Note: that this is not an exhaustive guideline regarding the Conditional Use Permit Process. Additional information is available in the Bryant Zoning Ordinance.

READ CAREFULLY BEFORE SIGNING

'Polarization' is Merriam-Webster's 2024 word of the year

Associated Press

The results of the 2024 U.S. presidential election rattled the country and sent shockwaves across the world — or were cause for celebration, depending on who you ask. Is it any surprise then that the Merriam-Webster word of the year is "polarization"?

"Polarization means division, but it's a very specific kind of division," said Peter Sokolowski, Merriam-Webster's editor at large, in an exclusive interview with The Associated Press ahead of Monday's announcement. "Polarization means that we are tending toward the extremes rather than toward the center."

The election was so divisive, many American voters went to the polls with a feeling that the opposing candidate was an existential threat to the nation. According to AP VoteCast, a survey of 10 Kamala Harris voters were very or somewhat concerned that Donald Trump's views — but not Harris' — were too extreme, while about 7 in 10 Trump voters felt the same way about Harris — but not Trump.

The Merriam-Webster entry for "polarization" reflects scientific and metaphorical definitions. It's most commonly used to mean "causing strong disagreement between opposing factions or groupings," Merriam-Webster, which logs 100 million pageviews a month on its site, chooses its word of the year based on data, tracking a rise in search and usage.

Last year's pick was "authentic." This year's comes as large swaths of the U.S. struggle to reach consensus on what is real.

"It's always been important to me that the dictionary serve as a kind of neutral and objective arbiter of meaning for everybody," Sokolowski said. "It's a kind

of backstop for meaning in an era of fake news, alternative facts, whatever you want to say about the value of a word's meaning in the culture."

It's notable that "polarization" originated in the early 1800s — and not during the Renaissance, as did most words with Latin roots about science, Sokolowski said. He called it a "pretty young word," in the scheme of the English language. "Polarization is a term that brings intensity to another word," he continued, most frequently used in the U.S. to describe race relations, politics and ideology.

"The basic job of the dictionary is to tell the truth about words," the Merriam-Webster editor continued. "We've had dictionaries of English for 420 years and it's only been in the last 20 years or so that we've actually known which words people look up."

"Polarization" extends beyond political connotations. It's used to highlight fresh cracks and deep rifts alike in pop culture, tech trends and other industries.

All the scrutiny over Taylor Swift's private jet usage? Polarizing. Beef between rappers Kendrick Lamar and Drake? Polarizing. The International Olympic Committee's decision to strip American gymnast Jordan Chiles of her bronze medal after the Paris Games? You guessed it: polarizing.

Even lighthearted memes — like those making fun of Australian breakdancer Rachael "Raygun" Gunn's performance — or the proliferation of look-alike contests, or who counts as a nepo baby proved polarizing.

Paradoxically though, people tend to see eye to eye on the word itself. Sokolowski cited its frequent use among people across the political spectrum, including commentators on Fox News, MSNBC and CNN.

"It's used by both sides," he said, "and in a little bit ironic twist to the word, it's

something that actually everyone agrees on."

Rounding out Merriam-Webster's top 10 words of 2024:

Demure

TikTokker Jools Lebron's 38-second video describing her workday makeup routine as "very demure, very mindful" lit up the summer with memes. The video has been viewed more than 50 million times, yielding "huge spikes" in lookups, Sokolowski said, and prompting many to learn it means reserved or modest.

Fortnight

Taylor Swift's song "Fortnight," featuring rapper Post Malone, undoubtedly spurred many searches for this word, which means two weeks. "Music can still send people to the dictionary," Sokolowski said.

Totally

The solar eclipse in April inspired awe and much travel. There are tens of millions of people who live along a narrow stretch from Mexico's Pacific coast to eastern Canada, otherwise known as the path of totality, where locals and travelers gazed skyward to see the moon fully blot out the sun. Generally, the word refers to a sum or aggregate amount — or wholeness.

Resonate

"Texts developed by AI have a disproportionate percentage of use of the word 'resonate,'" Sokolowski said. This may be because the word, which means to affect or appeal to someone in a personal or emotional way, can add gravitas to writing. But, paradoxically, artificial intelligence "also betrays itself to be a robot because it's using that word too much."

Allision

The word was looked up 60 times more often than usual when, in March, a ship crashed into the Francis Scott Key Bridge in Baltimore. "When you have one moving object into a fixed object, that's

an allision, not a collision. You're showing that one of the two objects struck was not, in fact, in motion," Sokolowski said.

Weird

This summer on the TV news show "Morning Joe," Minnesota Gov. Tim Walz called Republican leaders "weird." It may have been what launched his national career, landing him as the Democratic vice presidential nominee. Though it's a word that people typically misspell — is it "ei" or "ie"? — and search for that "re" or "rise" in use was notable, Sokolowski said.

Cognitive

Whether the word was used to raise questions about President Joe Biden's debate performance or Trump's own age, it cropped up often. It refers to conscious intellectual activity — such as thinking, reasoning, or remembering.

Pander

Pander was used widely in political commentary, Sokolowski said. "Conservative news outlets accused Kamala Harris of pandering to different groups, especially young voters, Black voters, gun rights supporters." Whereas Walz said Trump's visit to a McDonald's kitchen pandered to hourly wage workers. It means to say, do, or provide what someone — such as an audience — wants or demands even though it is not "good, proper, reasonable, etc."

Democracy

In 2003, Merriam-Webster decided to make "democracy" its first word of the year. Since then, the word — which, of course, means a form of government in which the people elect representatives to make decisions, policies and laws — is consistently one of the dictionary's most looked up. "There's a poignancy to that, that people are checking on it," Sokolowski said. "Maybe the most hopeful thing that the curiosity of the public shows, is that they're paying attention."

RE: Scenic Hill Solar – Bryant, AR
Scenic Hill Solar – USACE Delineation & Concurrence

Dear Sir or Madam,

PMI visited the proposed Scenic Hill Solar Bryant site on July 12th, 2024, and July 15th, 2024, to conduct a wetland and stream delineation. The proposed site is located approximately 0.1 miles east from the intersection between Zuber Road and Lena Drive in Byant, Arkansas. Refer to Appendix A Site Maps for the approximate property boundary. Scenic Hill Solar anticipates construction in the near future and requests a United States Army Corps of Engineers (USACE) concurrence letter on this site.

Jurisdictional Findings

PMI conducted a wetland and stream delineation regarding the presence of jurisdictional wetlands and waters of the United States. The property was investigated for the presence of hydrophytic vegetation, hydric soils, and wetland hydrology as the three parameters required by the USACE wetland determination data form. Three streams, three wetlands, and one pond were identified on the property during the site visit. Data points reflecting these findings are attached as Appendix B and site photographs are attached as Appendix C.

Intermittent Stream A

Intermittent Stream A is a jurisdictional stream that flows from east to southwest and is approximately 1,544 linear feet within the site. This stream is an unnamed tributary to Hurricane Creek. Good flow and a well-defined bed and bank were noted at the time of the site visit. The presence of minnows was also noted during the site visit. Soils are mapped as the hydric unit Caddo-Messer variants complex.

Intermittent Stream B

Intermittent Stream B is a jurisdictional stream that flows from north to southwest and is approximately 380 linear feet within the site. This stream is an unnamed tributary to Hurricane Creek. Good flow and a well-defined bed and bank were noted at the time of the site visit. The presence of minnows was also noted during the site visit. Soils are mapped as the hydric unit Caddo-Messer variants complex.

Ephemeral Stream C

Ephemeral Stream C is a nonjurisdictional roadside ditch that flows from north to south and is approximately 916 linear feet within the site. This stream is an unnamed tributary to Hurricane Creek. Poor flow and a poorly defined bed and bank were noted at the time of the site visit. This stream is nonjurisdictional due to the poor stream characteristics noted at the time of the site visit. Soils are mapped as the hydric unit Caddo-Messer variants complex and Carnasaw-Townley association, undulating. Ephemeral Stream C is considered nonjurisdictional and was mapped for planning purposes.

Ponds

Jurisdictional Pond A is located in the central western portion of the property and is approximately 0.1 acres within the site. Pond A has a hydrological surface connection to downgradient features through Intermittent Stream A. Soils are mapped as the hydric unit Caddo-Messer variants complex.

Jurisdictional Wetland A

Wetland A is located in the central western portion of the property and is approximately 0.1 acres within the site. The jurisdictional wetland is connected to Intermittent Stream A and is associated with Wetland Data Point 1. Wetland hydrology indicators consisted of saturation, drift deposits, and water-stained leaves at the time of the site visit. Vegetation within the wetland consisted of *Quercus falcata*, *Acer negundo*, and *Elephantopus nudatus*. Soils are mapped as the hydric unit Caddo-Messer variants complex, and in-field samples revealed a hydric soil.

Jurisdictional Wetland B

Wetland B is located in the southwestern portion of the property and is approximately 0.4 acres within the site. The jurisdictional wetland is connected to Intermittent Stream A and is associated with Wetland Data Point 3. Wetland hydrology indicators consisted of surface water, surface saturation, drift deposits, and water-stained leaves at the time of the site visit. Vegetation within the wetland consisted of *Quercus falcata*, *Acer negundo*, *Ulmus americana*, *Alternanthera*

Explore with us

philoxeroides, and *Ludwigia alternifolia*. Soils are mapped as the hydric unit Caddo-Messer variants complex, and in-field samples revealed a hydric soil.

Jurisdictional Wetland C

Wetland C is located in the northeastern portion of the property and is approximately 0.5 acres within the site. The jurisdictional wetland is connected to Intermittent Stream A and is associated with Wetland Data Point 8. Wetland hydrology indicators consisted of surface water, surface saturation and water-stained leaves at the time of the site visit. Vegetation within the wetland consisted of *Quercus falcata*, *Acer negundo*, *Ampelopsis arborea*, and *Alternanthera philoxeroides*. Soils are mapped as the hydric unit Caddo-Messer variants complex, and in-field samples revealed a hydric soil.

Upland Data Points

Five upland data points were recorded during the site visit and are attached as Appendix B. These data points are representative of the upland portions of the site which consists of wooded areas.

Data Point 2 is located in the central western portion of the site. Wetland hydrology indicators were not present at the time of the site visit. Vegetation consisted of *Quercus falcata*, *Acer negundo*, and *Ulmus americana*. Soils are mapped as the hydric unit Caddo-Messer variants complex, and in-field samples revealed a hydric soil.

Data Point 4 is located in the western portion of the site. Wetland hydrology indicators were not present at the time of the site visit. Vegetation consisted of *Quercus falcata*, *Acer negundo*, *Ulmus americana*, and *Ambrosia artemisiifolia*. Soils are mapped as the hydric unit Caddo-Messer variants complex, but in-field samples revealed a non-hydric soil.

Data Point 5 is located in the northwestern portion of the site. Wetland hydrology indicators were not present at the time of the site visit. Vegetation consisted of *Plantanus occidentalis*, *Pinus taeda*, and *Carya ovata*. Soils are mapped as the hydric unit Caddo-Messer variants complex, and in-field samples revealed a hydric soil.

Data Point 6 is located in the southeastern portion of the site. Wetland hydrology indicators were not present at the time of the site visit. Vegetation consisted of *Pinus taeda* and *Coptis trifolia*. Soils are mapped as the non-hydric unit Carnasaw-Towley association, undulating, and in-field samples revealed a non-hydric soil.

Data Point 7 is located in the northeastern portion of the site. Wetland hydrology indicators were not present at the time of the site visit. Vegetation consisted of *Quercus falcata*, *Quercus phellos*,

Ludwigia alternifolia, *Verbesina virginica*, and *Senecia hieraciifolius*. Soils are mapped as the hydric unit Caddo-Messer variants complex, but in-field samples revealed a non-hydric soil.

Summary

On behalf of Scenic Hill Solar, PMI requests a USACE concurrence letter to confirm the locations of jurisdictional features within the site. Scenic Hill Solar plans to avoid these jurisdictional features during construction and use best management practices when working around them. Jurisdictional features will require a USACE permit if modified during construction. If additional information is required, please do not hesitate to contact me, at cvickers@pmico.com or 501-943-1029, or John Metrailler, at jmetrailler@pmico.com or 501-221-7122.

Sincerely,

PMI

- Histic Epipedon (A2)
- Black Histic (A3)
- Hydrogen Sulfide (A4)
- Stratified Layers (A5)
- 2 cm Muck (A10) (**LRR N**)
- Depleted Below Dark Surface (A11)
- Thick Dark Surface (A12)
- Sandy Mucky Mineral (S1) (**LRR N, MLRA 147, 148**)
- Sandy Gleyed Matrix (S4)
- Sandy Redox (S5)
- Stripped Matrix (S6)

- Dark Surface (S7)
- Polyvalue Below Surface (S8) (**MLRA 147, 148**)
- Thin Dark Surface (S9) (**MLRA 147, 148**)
- Loamy Gleyed Matrix (F2)
- Depleted Matrix (F3)
- Redox Dark Surface (F6)
- Depleted Dark Surface (F7)
- Redox Depressions (F8)
- Iron-Manganese Masses (F12) (**LRR N, MLRA 136**)
- Umbric Surface (F13) (**MLRA 136, 122**)
- Piedmont Floodplain Soils (F19) (**MLRA 148**)
- Red Parent Material (F21) (**MLRA 127, 147**)

Indicators for Problematic Hydric Soils³:

- 2 cm Muck (A10) (**MLRA 147**)
- Coast Prairie Redox (A16) (**MLRA 147, 148**)
- Piedmont Floodplain Soils (F19) (**MLRA 136, 147**)
- Very Shallow Dark Surface (TF12)
- Other (Explain in Remarks)

³Indicators of hydrophytic vegetation and wetland hydrology must be present, unless disturbed or problematic.

Restrictive Layer (if observed):

Depth (inches)	Matrix		Redox Features				Texture	Remarks
	Color (moist)	%	Color (moist)	%	Type ¹	Loc ²		
0-3	10YR 4/2	100					Silt Loam	
3-12	10YR 4/3	100					Silt Loam	
12-18	10YR 5/3	95	10YR 5/6	5	D	M	Silt Loam	

¹Type: C=Concentration, D=Depletion, RM=Reduced Matrix, MS=Masked Sand Grains. ²Location: PL=Pore Lining, M=Matrix.

Hydric Soil Indicators:

- Histosol (A1)
- Histic Epipedon (A2)
- Black Histic (A3)
- Hydrogen Sulfide (A4)
- Stratified Layers (A5)
- 2 cm Muck (A10) (**LRR N**)
- Depleted Below Dark Surface (A11)
- Thick Dark Surface (A12)
- Sandy Mucky Mineral (S1) (**LRR N, MLRA 147, 148**)
- Sandy Gleyed Matrix (S4)
- Sandy Redox (S5)
- Stripped Matrix (S6)

- Dark Surface (S7)
- Polyvalue Below Surface (S8) (**MLRA 147, 148**)
- Thin Dark Surface (S9) (**MLRA 147, 148**)
- Loamy Gleyed Matrix (F2)
- Depleted Matrix (F3)
- Redox Dark Surface (F6)
- Depleted Dark Surface (F7)
- Redox Depressions (F8)
- Iron-Manganese Masses (F12) (**LRR N, MLRA 136**)
- Umbric Surface (F13) (**MLRA 136, 122**)
- Piedmont Floodplain Soils (F19) (**MLRA 148**)
- Red Parent Material (F21) (**MLRA 127, 147**)

Indicators for Problematic Hydric Soils³:

- 2 cm Muck (A10) (**MLRA 147**)
- Coast Prairie Redox (A16) (**MLRA 147, 148**)
- Piedmont Floodplain Soils (F19) (**MLRA 136, 147**)
- Very Shallow Dark Surface (TF12)
- Other (Explain in Remarks)

³Indicators of hydrophytic vegetation and wetland hydrology must be present, unless disturbed or problematic.

Restrictive Layer (if observed):

Conditional Use Permit Application

Applicants are advised to read the Conditional Use Permit section of Bryant Zoning Code prior to completing and signing this form. The Zoning Code is available at www.cityofbryant.com under the Planning and Community Development tab.

Date: 12/3/2024

Applicant or Designee:

Name Scenic Hill Solar, LLC
Address 44 Isbell Lane, Little Rock, AR 72223
Phone 501-388-4317
Email Address: joshua.thompson@scenicillsolar.com

Project Location:

Property Address 5415 Northlake Road
Bryant, AR 72022
Parcel Number 840-11623-030
Zoning Classification R-2

Property Owner (If different from Applicant):

Name Bryant Public School District
Phone 501-847-5600
Address 1511 N. Reynolds Road, Bryant, AR 72022
Email Address kwalters@bryantschools.org

Additional Information:

Legal Description (Attach description if necessary)
PT FRL NW 2004-1944

Description of Conditional Use Request (Attach any necessary drawings or images)
Requesting the parcel located at 5415 Northlake Road (34.65203, -92.54578) be re-zoned from
R-2 residential, to C-1 commercial

Proposed/Current Use of Property Commercial solar power plant

Application Checklist

Requirements for Submission

- Letter stating request of Conditional Use and reasoning for request
- Completed Conditional Use Permit Application
- Submit Conditional Use Permit Application Fee (\$125)
- Submit Copy of completed Public Notice
- Publication: Public Notice shall be published at least one (1) time fifteen (15) days prior to the public hearing at which the variance will be heard. Once published please provide a proof of publication to the Community Development office.
- Posting of Property: The city shall provide a sign to post on the property involved for the fifteen (15) consecutive days leading up to Public hearing. One (1) sign is required for every two hundred (200) feet of street frontage.
- Submit eight (8) Copies of the Development Plan (Site Plan) showing:
 - Location, size, and use of buildings/signs/land or improvements
 - Location, size, and arrangement of driveways and parking. Ingress/Egress
 - Existing topography and proposed grading
 - Proposed and existing lighting
 - Proposed landscaping and screening
 - Use of adjacent properties
 - Scale, North Arrow, Vicinity Map
 - Additional information that may be requested by the administrative official due to unique conditions of the site.

Once the application is received, the material will be reviewed to make sure all the required information is provided. The applicant will be notified if additional information is required. The application will then go before the Development and Review Committee (DRC) for a recommendation to the Planning Commission. A public hearing will be held at this meeting for comments on the Conditional Use. After the public hearing, the Planning Commission will make a decision on the use.

Note: that this is not an exhaustive guideline regarding the Conditional Use Permit Process. Additional information is available in the Bryant Zoning Ordinance.

READ CAREFULLY BEFORE SIGNING

I William G. Halon, do hereby certify that all information contained within this application is true and correct. I further certify that the owner of the property authorizes this proposed application. I understand that I must comply with all City Codes and that it is my responsibility to obtain all necessary permits required.

Subject: Conditional Use Permit Application for Commercial Solar Array

To: the Bryant Planning Commission

Dear Planning Commission Members,

On behalf of the Bryant School District and Scenic Hill Solar, we are formally submitting an application for a Conditional Use Permit (CUP) to develop a commercial solar array project on a parcel of land located at the Bethel Middle School in Alexander. This project will provide clean, renewable energy to the Bryant School District, significantly reducing their energy costs and providing environmental benefits.

Project Overview:

The proposed solar array will be a ground-mounted system, designed to generate electricity for the Bryant School District. The system will be constructed and maintained to the highest industry standards, ensuring safety and environmental responsibility. Key features of the project include:

- **Location:** 8665, 5415 Northlake Rd, Alexander, AR 72002
- **Size:** 28 acres
- **Capacity:** 4 MW / DC
- **Energy Services Agreement (ESA):** Bryant School District has entered into a long-term agreement with Scenic Hill Solar to purchase the electricity generated by the solar array at a predetermined cost.
- **Benefits to the Community:** This project will bring numerous benefits to the Bryant community, including significantly reducing the school district's energy costs, allowing them to allocate more funds towards education.
- **Environmental Sustainability:** By generating clean, renewable energy, this project will help reduce over 34,000 metric tons of greenhouse gas emissions equivalent to 291 million passenger car miles, or 1.8 million tree seedlings grown for 10 years.
- **Economic Development:** The construction and maintenance of the solar array will create local jobs and stimulate economic activity.
- **Community Image:** The solar array will enhance the community's image as a forward-thinking and environmentally conscious city.

We are committed to working closely with the Planning Commission and other relevant stakeholders to ensure that this project is developed in a manner that is consistent with the city's zoning ordinances and community development goals. We are confident that the proposed solar array will be a valuable asset to the Bryant community at large, and the Bryant School District specifically.

We respectfully request that the Planning Commission approve this Conditional Use Permit application. We are available to provide any additional information or clarification as needed.

Thank you for your time and consideration.

Sincerely,

William A. Halter
Managing Member
Scenic Hill Solar
(501) 554-9668

ADDENDUM

Scenic Hill has contracted Pollution Management Inc (PMI) of Little Rock, to design and execute a Stormwater Pollution Prevention Plan (SWPPP), and the Civil Design Plan for the Bryant School District Solar Project. The SWPPP is currently in design and should be completed by mid to late January, with Civil Design Plan following shortly after.

404 Permit

- Despite not having the full design in hand, we have already designed the solar array to avoid all water features located on the land. Please reference the 30% electrical design and the Wetlands delineation attached in the email.

Site Plan

- Location, size, and use of buildings/signs/land or improvements
 - Our project does not include any buildings or signs.
 - There will be two driveways accessing the solar array—one on the north end of the property off Zuber Road, and one on the south end of the property off Zuber Road—that can be seen in the 30% electrical drawing.
 - The current design includes a black vinyl chain-link fence that will extend around the project. However, the committee has raised concerns about the aesthetics of the fence and Scenic Hill as well as Bryant School District are happy to work with the committee to determine the most optimal solution within reason.
 - There will also be two concrete equipment pads located on the property, both of which can be seen in the 30% electrical drawing.
- Location, size, and arrangement of driveways and parking. Ingress/Egress
 - There will be two driveways accessing the solar array—one on the north end of the property off Zuber Road, and one on the south end of the property off Zuber Road—that can be seen in the 30% electrical drawing.
- Existing topography and proposed grading
 - Will be included in the Civil Design Plans
- Proposed and existing lighting
 - Not applicable to our project
- Proposed landscaping and screening
 - Not applicable to our project
- Use of adjacent properties
 - Not applicable to our project
- Scale, North Arrow, Vicinity Map
 - Please reference the 30% electrical drawing

Stormwater Calculations

- Will be included in the SWPPP

Stormwater Design

- Will be included in the SWPPP

Wetlands

- Despite not having the full design in hand, we have already designed the solar array to avoid all water features located on the land. Please reference the 30% electrical design and the Wetlands delineation attached in the email.

Site Grading Plan

- Will be included in the Civil Design Plan

Erosion Control Plan

- Will be included in the SWPPP

Fire Department Access

- All driveways will be built to meet the Fire Department requirements (20' wide and support 75,000 lbs)

RE: Replat Lots 1-3, Block 19 Heart of Bryant (Hope Job #24-1374)

Dear Colton,

I represent Covenant Home Builders, in the above-captioned development. Covenant Home Builders is requesting the City of Bryant start the staff approval process for the Replat of Lots 1-3 at Heart of Bryant at NE 1st St & N Walnut St.

We would like to be included in the January 2nd Development Review Committee Meeting and the January 13th Planning Commission Meeting. Please feel free to contact me with any questions or concerns or if I can be of any further assistance.

We thank you for your review and look forward to addressing any comments.

Sincerely,

Jonathan Hope

Re: Modification from Heart of Bryant Code

Colton,

I would like to request a modification to the Heart of Bryant Main Street Mixed Use 1st floor height requirement from 12 ft. to 10 ft. for the following two lots:

Lot 1R Block 19 HOB

Lot 11R Block 19 HOB

This would be contingent upon the replat of these lots being approved.

The current HOB 1st floor height requirement in Main Street Mixed Use is 12 ft. Whereas the 1st floor requirement for Neighborhood Residential and Neighborhood Transitional is 10 ft. The 12 ft requirement is not feasible to do for a residential property and we would like to modify it to 10 ft to match the other HOB zoning. Our intent is to construct residential townhomes like our other recent projects in HOB on Hazel, NE 1st & SE 3rd Streets.

Thank you,

A handwritten signature in cursive script that reads "Rick W. Johnson".

Rick Johnson
