Bryant, Arkansas 72022

Letter of Transmittal

July 30, 2024

To the Members of the City Council and Citizens of the City of Bryant:

State law requires that all cities of the first class publish a complete set of financial statements audited by licensed, certified public accountants. Pursuant to the fulfillment of that requirement, we hereby issue the Annual Financial Report of the City of Bryant for the year ended December 31, 2023.

This report consists of management's representations relating to the finances of the City of Bryant. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report based on a comprehensive internal control framework that is designed for that purpose. Because the cost of internal controls should not outweigh their benefits, the object is to provide reasonable rather than absolute assurance that the financial statements are free of any material misstatement.

ATA, PLLC., certified public accountants, issued an unmodified opinion on the City of Bryant's financial statements for the year ended December 31, 2023. The independent auditor's report is found at the beginning of the financial section of this report.

### Profile of the City of Bryant

The City of Bryant was incorporated in 1892 as a political subdivision of the State of Arkansas. Bryant is located in the west central part of the State of Arkansas about 15 miles southwest of the state's capitol, Little Rock. The city has a total land area of 20.56 square miles, as confirmed November 2020 via the City Engineering Department, with an additional 8.97 square miles of planning area and a population of 20,663 as of the 2020 Census.

The city operates under the Mayor-Council form of government. Policymaking and legislative authority are vested in a City Council consisting of the Mayor and eight other council members. The City Council is responsible for, among other things, passing ordinances, adopting the budget, and appointing committees. The Mayor is responsible for carrying out the policies and ordinances of the city, for overseeing the day-to-day operations of the city and for appointing the various department directors. The Council passes the Annual Budget based on the revenue and expenditure categories for the legal level of authority. The City Council is elected on a non-partisan basis. The Mayor is a voting member of the Council with veto power, and presides over council meetings. Council members serve two-year terms with four members elected every two years. The Mayor is elected by the city at large every four years, and the council members are elected by ward. There are two council members per each of the four wards.

The city provides a full range of services, including police and fire protection, planning and community development, parks and recreation, construction and maintenance of city streets and traffic signals, water and wastewater services, and stormwater management (MS4, Municipal Separate Stormwater System). A dedicated funding source for Stormwater was added in 2016.

The annual budget serves as the foundation for the city's financial planning and control and is the major policy document of the Council. Budget preparation typically begins in September; with each department developing a budget to achieve operational goals and objections pursuant to the city's strategic focus areas. Meetings are held with the Mayor, Department Directors, and City Council Members and a proposed budget for the entire city is developed. The Mayor presents the proposed budget to the City Council Members. Work sessions are held, and a final budget is presented and adopted by Resolution in a formal City Council meeting, typically the December meeting. Typically, the budgets are adopted for all significant funds of the city.

The appropriated budget is adopted mostly by category and consequently this level of detail becomes the legal level of control. Budget transfers between expense categories require the approval of the City Council.

## Economic Conditions and Outlook

The information presented in the financial statements is best understood when it is considered from the broader perspective of the specific environment in which the city operates.

The City of Bryant began as a small town on the outskirts of the state's capitol that is located in Little Rock. As the capitol and Bryant both grew, their borders became closer. Bryant has developed a very strong school system and many people come to the area to benefit from that school system. The Bryant School District is now much larger than the borders of the city itself, so many people feel an allegiance to the city even if they do not actually live within the city limits.

The city has many municipal activities that draw people out in the community. One of the biggest events is the Salt Bowl in September each year. The Salt Bowl is where the Bryant School District's football team competes against the neighboring football team of Benton. Typically, over 30,000 annually attend this event. The city in conjunction with the Chamber of Commerce also supports other largely attended community events such as Fall Fest and Pops in the Park.

The city is bordered on all four sides and few places still exist to be annexed. To the north is Springhill, which is contractually served by the city's fire department in exchange for annual money received. This money is tracked separately through its own department.

In 2005, the city entered into an agreement (Agreement dated August of 2005, Ordinance 2004-19) with the Saline County Waterworks and Sanitary Sewer Public Facilities Board (Woodland Hills). The agreement states that the City of Bryant will facilitate the pass through of a minimum of 1,000 gallons and a maximum of 500,000 gallons per day of water to Woodland Hills for the price charged the City of Bryant from the Central Arkansas Water Authority (CAW). This agreement terminates 20 years from the date of the agreement on August 11, 2024, (currently under review) unless the agreement is terminated early in accordance with the agreement. In addition to offering water and wastewater services to city residents, the city also provides those services for a significant part of the surrounding area through reciprocal agreements. Woodland Hills is also a member of the Saline Regional Water Authority.

The city has several major employers (over 100 employees). Two major employers are the city itself and the school district. Others are primarily in the retail and the healthcare industries. For a number of years, the city has seen vast growth in rooftops but has struggled to get consistent supporting commercial growth. In 2023, a new bond was issued to complete the Bryant Parkway Street Project. This road will be a major connector road to the Saline County Airport (run by an autonomous commission) and hopefully allow for more commercial development in the future.

As a state, Arkansas' local economies are commonly supported by sales tax. Arkansas has a state sales tax of 6.5%, collected across the state. In Bryant, another 3% is collected and used by the city/local government. This sales tax makes up approximately 74% of general fund income. Additionally, starting in 2020, Saline County charges .375% in sales tax as well.

Like most cities, it is a struggle for revenues to keep pace with expenses. While Bryant has faced challenges in 2023, it is fortunate to have a variety of community-minded citizens dedicated to growing the city. It continues to attract new residents and businesses. It is recommended that readers review the Management Discussion and Analysis on pages 19-33 of this report to get a more thorough understanding of the items that affected this community during 2023.

### Acknowledgements

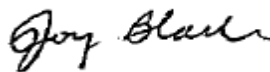

The preparation of the Annual Financial Report is a team effort of the entire city staff, particularly the finance department staff. We would like to express appreciation to all members of these departments for their commitment to the quality of this project and the many hours spent on the report. Credit must also be given to the City Council for their unfailing support for maintaining the highest standards of professionalism in the management of the city's finances.

Respectfully submitted,

---

## Independent Auditor's Report

To the Mayor and City Council  
City of Bryant, Arkansas

### Report on the Audit of the Financial Statements

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Bryant, Arkansas, as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the City of Bryant, Arkansas' basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Bryant, Arkansas, as of December 31, 2023, and the respective changes in financial position, and, where applicable, cash flows and the budgetary comparisons for the General Fund, Street Fund, Designated Tax Fund, and 188 Construction Fund thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Bryant, Arkansas and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Emphasis of Matter***

As discussed in Note 11 to the financial statements, the City has recorded a prior period adjustment related to the correction of an error in the Street Fund. Our opinion is not modified with respect to that matter.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Bryant, Arkansas' ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Bryant, Arkansas' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Bryant, Arkansas' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the pension and OPEB schedules on pages 19-33 and 87-90 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Bryant, Arkansas' basic financial statements. The accompanying combining and individual nonmajor fund financial statements and schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost*

*Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### **Other Information**

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated July 30, 2024, on our consideration of the City of Bryant, Arkansas' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Bryant, Arkansas' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Bryant, Arkansas' internal control over financial reporting and compliance.

*ATA, PLLC*

Jackson, Tennessee

# MANAGEMENT'S DISCUSSION AND ANALYSIS

DECEMBER 31, 2023

Bryant Water Tower, Hwy 5, South View

As management of the City of Bryant, we offer readers of the City of Bryant's financial statements this narrative overview and analysis of the financial activities of the City of Bryant for the fiscal year ended December 31, 2023. We encourage readers to consider the information presented in conjunction with the additional information that we furnished in our letter of transmittal, which can be found on pages 8-11.

## Financial Highlights

- The city's assets of \$132,618,318 and deferred outflows of \$8,345,223 exceeded its liabilities of \$74,811,289 and deferred inflow of \$2,009,856 by \$64,142,394. This is the city's net position balance. This is an increase from the prior year amount of \$55,457,246.
- The net position of the governmental activities increased by \$4,125,730
- The net position of the business-type activities increased by \$3,920,665
- As of December 31, 2023, the City of Bryant governmental funds reported combined ending fund balances of \$28,039,263, a increase of \$333,950 from 2022 before restate.
- At the end of 2023, the unassigned fund balance for the General Fund was \$12,479,030 most of which would be needed to meet retirement plan payouts if the city ended operations.
- A comparison of total liabilities for 2023 and 2022, as stated on the statement of net position, shows an increase of \$13,297,811. This was due mainly to an increase of bonded debt for the Bryant Parkway and an increase to the net pension liability as well.

## Overview of the Financial Statements

The discussion and analysis report are intended to serve as an introduction to the city's basic financial statements, which consist of three components:

- 1) Government Wide Financial Statements
- 2) Fund Financial Statements
- 3) Notes to Financial Statements

This report also contains other supplementary information in addition to the basic financial statements.

### Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the city's finances in a manner similar to a private-sector business.

The statement of net position presents information on all of the city's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position.

City of Bryant, Arkansas  
Management's Discussion and Analysis  
December 31, 2023

Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of the City of Bryant is improving or deteriorating.

The statement of activities presents information showing how the City of Bryant's net position changed during 2023. All changes in net position are reported as soon as the underlying event giving rise to the change occurs regardless of the timing of related cash flows. Revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned, but unused, vacation leave).

The government-wide financial statements distinguish functions of the city that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities include community development, general government, parks and recreation, public safety, and public works (although at the City of Bryant, the majority of the Public Works Department is Business-Type activities). The business-type activities of the city include water, wastewater and stormwater operations.

### Fund Financial Statements

A fund is a grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The City of Bryant, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the city can be divided into three categories:

- 1) Governmental Funds
- 2) Proprietary Funds
- 3) Fiduciary Funds

### Governmental Funds

Governmental Funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources as well as balances of spendable resources available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is more limited than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds

City of Bryant, Arkansas  
Management's Discussion and Analysis  
December 31, 2023

with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers can better understand the long-term effect of the city's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Bryant maintains 20 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Street Fund 080, Designated Tax Fund 005, and 2023 Capital Improvement Fund all of which are considered to be major funds. Data for the other 16 funds are combined into a single aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report on pages 92-99.

The basic governmental fund financial statements are on pages 37-40.

### Proprietary Funds

The city has only one type of Proprietary Fund, Enterprise Funds, which are used to report the same functions presented as Business-type activities in the government-wide financial statements. The city uses enterprise funds to account for its water, wastewater, and stormwater operations.

The basic proprietary fund financial statements are on pages 47-49.

### Notes to Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to financial statements are on pages 50-86.

City of Bryant, Arkansas  
Management's Discussion and Analysis  
December 31, 2023

## Government-Wide Overall Financial Analysis

### City of Bryant, Arkansas

City of Bryant, Arkansas  
Management's Discussion and Analysis  
December 31, 2023

Net position can serve over time as a useful indicator of a government's financial position. In the case of the City of Bryant, assets and deferred outflows exceeded liabilities and deferred inflows by \$64,142,394 as of December 31, 2023. The next table shows the changes in the net position at year end and revenue and expense comparisons to 2022.

## Governmental Activities

The net position of the governmental activities was a positive \$33,504,030 as of December 31, 2023. The change in net position on page 36 was positive primarily due to receiving the \$4 million in STIP Grant Money from the state related to the Bryant Parkway Street Project. There was also an increase in investment earnings due to the market for 2023, banking contract changes and the increase of cash from the 2023 loan issuance. Sales tax increased as well and that could be in part due to the new construction building permits for both residential and commercial issued in 2023.

The city has four major governmental funds:

- 1) General Fund
- 2) Street Fund 080
- 3) Designated Tax Fund 005
- 4) 2023 Capital Improvement Fund

### General Fund

The original budget for the general fund reflected an increase in fund balance of \$666,002 (\$160,002 in 001 fund and \$506,000 in 003 Franchise Fee Fund). Reappropriations and various amendments decreased this amount by \$2,595,104. The actual results produced a decrease of \$529,612, mostly driven by approved capital improvements.

### Revenues

The city has a 1% general sales tax and it is 47% of the General Fund revenue budget. The city has a 1% Designated Sales Tax as well and it is 16% of the General Fund revenue budget. The Designated Tax Fund 005 is designated at 10% for both Parks and Animal Control, 25% for both Fire and Police and 30% for Streets. The final 1% of Sales Tax collected by the city is split 1/8 towards Fire, 3/8 towards Parks and one half towards bonded debt repayment. The State of Arkansas serves as a collection agency for the city's sales taxes and only provides business sector information, so it makes analysis of sales tax data challenging. Additionally, note that the State keeps an administrative charge from all sales tax submitted.

Franchise Fees are 12.5% of the revenue budget. They are collected in a separate fund but those funds are shown together in the Audit Report. Franchise Fees are fairly consistent and relatively predictable but they will change slightly from year to year based on weather, utility rate changes, and usage patterns (like the migration to cell phones and online television options).

A notable change that took place during 2023 was the increase of the property millage rate from 1.9 to 3.2. This increase will not go into effect until 2024 but had to be voted on by Council in

the fourth quarter of 2023. This change is part of an overall effort to diversify and increase general fund revenue sources.

### Expenditures

The General Fund Expenditures, including transfers were originally budgeted at \$24.9 mil. Reappropriations and adjustments resulted in an amended budget of \$28.4 mil. Actual Expenditures were \$27.2 mil producing a positive variance with the final budget of \$1,175,568. The largest category of expenditures in general fund by far is personnel, making up 65% (more if you count the part-time staff paid under Professional Services for Parks). After that the next highest % category is Building and Grounds which includes utility payments for water and electricity. It makes up 7%. Each year the city's staff strives to work on lowering that percentage and adding back in more planned capital and maintenance that is needed each year. However, it is a fine line because each year the city staff also works to draw the overall pay rates closer in line with the surrounding areas. Each year, the City of Bryant loses employees to other surrounding cities who are larger and can pay more.

Two of the largest departments within General Fund are Police and Fire. These two departments are funded almost exclusively by Sales Tax. First, they have dedicated Sales Tax components for each. Police and Fire both receive 25% of the 1% of the Designated Tax Fund 005 received each month via the State. Fire also additionally receives 3/8 of a ½ cent sales tax split with Parks. But both of these designated sales tax components are not enough to fund these departments entirely. They still receive additional amounts of the 1% general sales tax. Both of these departments have high personnel costs, a large component of which is their pensions. The match rates are very high and continue to increase each year.

### Street Fund 080

Normally the major sources of revenue for the Street Fund 080 are the State Turnback (1/2 State Tax in part) and the 30% of the 1% of the Designated Tax Fund 005 is allocated to Streets. However, in 2023 the city received over \$4mil in grant funding related to completing the Bryant Parkway. With the rapid increase in population over the past several years in Bryant, traffic congestion has become a major issue. Each year the Street funds are used to create new roads as well as lengthen and widen existing roads. The city works in conjunction with the surrounding cities, the county and the state on many of these projects. Once Bryant Parkway is completed it will provide an alternate school traffic route and ease a lot of congestion. This is scheduled to happen in 2024. This project has been on going since 2016 and includes funding and expense in both the regular street fund 080 and the 188 Capital Improvement fund.

The major categories of expenses in the Street Fund 080 are construction projects, supplies and personnel, with personnel making up 45% if you remove the major construction projects.

## Designated Tax Fund 005 and 2023 Capital Improvement Fund

Even though these funds are considered major by the necessary calculation of the Designated Tax Fund 005 is merely a pass through where sales tax is collected and held until it is spent on its designated purposes. In the case of the 2023 Capital Improvement Fund these payments are made by the bond trustee as construction occurs on the Bryant Parkway. It is expected to be completed in 2024.

### **Business-Type Activities**

The beginning net position for business-type activities increased by \$3,933,714 in 2023. A transfer from the ARPA Investment Fund 007 of \$1,360,537 made up about a third of this increase. The rest was due to increased rates and other grant funding opportunities. The ending net position was \$30,651,413. Capital assets increased \$4,802,064 and long-term liabilities decreased \$789,721. The increase in capital assets was due to adding approximately \$6.9 million assets while taking \$2.1 mil in depreciation. The decrease in long-term liabilities was mainly due to paying down debt and a reduction in both the net pension liability and the other post-employment benefits obligation.

The Utility Revenue Fund 500 is used to house the incoming revenues associated with the Water, Wastewater fees on the Utility bills. It also houses the expenses for the water department starting in 2023.

The Utility Department of the City of Bryant serves not only the citizens of Bryant but also portions of the surrounding county. Currently in 2023, the Utility Department of Bryant receives all its water from the Central Arkansas Water Authority. Because of its proximity to Little Rock, it was deemed unnecessary to build Bryant's own water plant. However, one of the top priorities of the Public Works Department is to secure multiple stable water supply sources for the future. In 2010, water rights to Lake DeGray were obtained and currently in 2023, a partnership with Saline County Water Authority was explored. The city internally reviews its water rates each year and has an external review of the rates performed every three years. Another focus has been the monthly review of unaccounted for water usage and steps have been taken to decrease this amount. This and other metrics are reviewed monthly by the advisory committee. This committee is made up of 8 citizens. They more closely review the Utility Fund activities and make recommendations to the City Council based on their reviews.

In 2023 the city replaced its aging approximate 9000 meters for approximately \$3.5 million. Initially the city planned to use \$2 million of its ARPA Investment Fund 007 to fund this project but then the State of Arkansas awarded the city an interest free loan for the full \$3.5 of the project. Now that ARPA Investment Fund 007 money of \$2 million will be used for some other Water/Wastewater/ or Stormwater Project. However, at 12/31/23 the funds had not yet been

City of Bryant, Arkansas  
Management's Discussion and Analysis  
December 31, 2023

released to the bank. For cash flow purposes the city approved using the Water and Wastewater Impact fee funds to fund the Master Plans.

The city has a Wastewater Plant. In 2018, the city changed methodology and built a centrifuge to spin the water out of the refuse and send the solid portion to the land fill. For the foreseeable future, this methodology is going to be employed by the city. Due to stormwater inflows and infiltration into the Wastewater system, the city was put under a Consent Action Order (CAO) by the State of Arkansas. Well before this CAO and since, the city has worked on mitigating and minimizing these and other stormwater issues. In 2016, the city created a separate stormwater Fund 515 and started charging a stormwater fee on the Utility Bills. While these fees do not currently fund all the expenses associated with stormwater issues, it is a starting point and the city continues to work on allocating these citizen expenses equitably. Wastewater billing is based on water sales but their rates are determined independently; however, because one is based on the other they will track along parallel lines regarding their revenue streams.

## Capital Asset and Debt Administration

### Capital Assets

On December 31, 2023, the city's investment in capital assets for its governmental and business-type activities amounted to \$99,138,807 net of accumulated depreciation. This investment in capital assets includes land, buildings and system improvements, machinery and equipment, park facilities and roads. The following table details the breakdown of the city's capital assets

	Governmental Activities		Business-type Activities		Total	
	2023	2022	2023	2022	2023	2022
Land	\$3,521,949	\$3,521,949	\$49,538	\$49,538	\$3,571,487	\$3,571,487
Work in Progress	16,211,798	4,831,156	-	801,961	16,211,798	5,633,117
Right to Use Assets	1,800,510	1,853,663	-	-	1,800,510	1,853,663
Buildings	15,412,454	15,412,454	17,297,641	17,297,641	32,710,095	32,710,095
Vehicles	5,942,645	5,980,486	2,518,613	1,869,423	8,461,258	7,849,909
Equipment	9,607,323	8,126,219	12,991,077	12,002,838	22,598,400	20,129,057
Infrastructure	29,815,804	26,952,497	36,298,846	30,249,284	66,114,650	57,201,781
Water Storage Agreement	-	-	1,358,213	1,358,213	1,358,213	1,358,213
Totals	82,312,483	66,678,424	70,513,928	63,628,898	152,826,411	130,307,323
Accumulated Depreciation	(23,207,235)	(21,195,550)	(30,480,369)	(28,397,403)	(53,687,604)	(49,592,953)
Net Capital Assets	\$59,105,248	\$45,482,874	\$40,033,559	\$35,231,495	\$99,138,807	\$80,714,370

Additional information on the city's capital assets is on pages 58 through 64 of this report. Major completed capital asset events during the current fiscal year included the following:

#### Governmental Activities

- Capital expenditures of \$985,872 were made for a variety of park facilities projects. Improvements to the tennis courts and addition of pickleball courts were made at Mills Park. The playground at Mills Park was also replaced entirely with all-inclusive playground equipment. The pavilion at Mills Park and the walking trails also received improvements. The Mills Park additions and improvements accounted for 93% of the capital expenditures. The remaining 7% of capital expenditures were for Bishop Park Aquatics Center upgrades and Alcoa Park Pavilion upgrades.
- Capital expenditures of \$809,097 were made towards equipment. Replacement of Officer Body Cams and Dash Cams for the patrol units made up 84% of the equipment capital expenditures. The remaining 16% included the purchase of a new K-9 officer for the police department, upgraded to the building access control at City Hall, and new lawn equipment for the parks department.
- Capital expenditures of \$1,926,935 were made towards Street infrastructure. Various drainage projects around the city accounted for 21% of the capital expenditures. City wide traffic light improvements, including cross walk improvements accounted for 18%. The largest portion of capital expenditures for street infrastructure 53% was made towards the completion of Phase II of the Bryant Parkway. The remaining 8% of expenditures was spent on various street improvement projects.

#### Business-Type Activities

- Capital expenditures of \$7,716,138 were made towards multiple Water, Wastewater and Storm Water projects throughout the 2023 fiscal period. The largest project belonged to Water, with the city-wide replacement of water meters, which accounted for 50% of expenditures. Stormwater had 29% of expenditures, completing several stormwater improvement projects, the largest being the Northlake Drainage project. Wastewater had multiple improvements projects that account for 12% of expenditures. The remaining 9% of expenditures were for various Water improvement projects.

City of Bryant, Arkansas  
Management's Discussion and Analysis  
December 31, 2023

## Long-Term Debt

The city's total bonded debt increased by \$6,907,476 (17%) during 2023. The following table details the breakdown of the principal due on this debt.

### Government Wide

	2023	2022
2016 Sales and Use Bond Fund 114 (includes a portion for Parks, Fire and Street)	\$15,895,000	\$18,595,000
2016 Franchise Fee	8,220,000	8,590,000
2011 Water	3,839,837	4,170,216
2012 Wastewater	5,224,312	5,651,456
2017 Water / Wastewater	2,735,000	2,880,000
2023 Franchise Fee Bond for Bryant Parkway	10,880,000	-
<b>Total Bonded indebtedness</b>	<b>\$46,794,148</b>	<b>\$39,886,672</b>

Additional information on the city's long-term debt is on pages 66 through 70 and 113 through 116 of this report. In the last several years, when possible and recommended, the city has refinanced its debt obtaining better rates for the city overall. The last rating the city received was an "A" rating from Standard & Poor's for the Franchise Fee, Series 2023. Under the Arkansas Constitution, the city is allowed to issue, with voter approval, general obligation (GO) debt up to 20% of total assessed valuation. This translates to allowable GO debt of \$94 million for the year ending 2023. As of the end of 2023, the city had no GO bonded debt. Both of the city's governmental debt issuances are not funded by general monies but rather by dedicated sources, sales tax and franchise fees. The city is also allowed to issue short-term debt (maturities of less than five years) up to 5% of total assessed valuation. Outstanding short-term financings of \$3.5 million are well below the statutory limit of \$23 million. Voter approval is not required for short-term financing.

## Economic Factors and the Next Year’s Budget and Rates

The following economic factors currently affect the City of Bryant and were considered in developing the 2023 Budget.

Sales Tax has shown a general trend of increasing from 2013 forward at an average of 4.8%, see the chart below. So, an estimated increase of 3% over the Sales Tax through August of 2022 was used when the budget development began for 2023. The actual increase for 2023 was 4.29%.

### City Sales & Use Tax (Three Cent Sales Tax)

	1 <sup>st</sup> Quarter	2 <sup>nd</sup> Quarter	3 <sup>rd</sup> Quarter	4 <sup>th</sup> Quarter	YTD Total	% Increase
2013	2,884,196	2,894,204	2,867,829	2,773,964	11,420,193	2.28%
2014	2,793,781	2,831,184	2,921,166	2,902,335	11,448,466	.25%
2015	2,881,943	3,103,784	3,292,439	3,207,302	12,485,468	8.31%
2016	3,090,136	3,032,827	3,237,786	3,210,282	12,571,031	.68%
2017	3,304,976	3,167,656	3,359,905	3,218,458	13,050,995	3.68%
2018	3,328,412	3,278,028	3,614,503	3,248,511	13,469,454	3.11%
2019	3,529,325	3,422,814	3,655,978	3,556,395	14,164,512	4.91%
2020	3,426,425	3,601,522	4,165,640	4,178,095	15,371,682	7.85%
2021	4,356,344	4,384,187	4,552,584	4,375,851	17,668,966	13.00%
2022	4,596,595	4,441,852	4,896,363	4,644,814	18,579,624	4.90%
2023	4,811,905	4,762,985	5,000,310	4,837,688	19,412,887	4.29%

In April of 2019, the State of Arkansas started allowing online sales tax to be sent back to the zip code to which the item was delivered. This was a huge victory to many cities in Arkansas, including the City of Bryant. Receiving the online sales tax of its citizens has increased sales tax since the second half of 2019 and helped the City of Bryant to weather the affects of COVID 19.

When the city administration starts the following year’s budget process much emphasis is placed on the estimates for sales tax because they make up such a larger percentage of the general fund revenues. As mentioned earlier in 2023 finally after several years of the administration asking council to increase the millage rate an increase was passed from 1.9 mills to 3.2 mills for both real and personal property. This change will not go into effect until 2024 but hopefully will help to increase and diversify the general fund revenue sources.

In order to keep up with market factors such as the labor market and inflation the city’s administrative staff continues to review and explore revenue sources to allow for the same or an increased level of services to be provided to the citizens. During 2023 a citizen vote to have a “hamburger” or Advertising and Promotion Tax failed. This is very frustrating to administration because all the cities that surround Bryant have such a tax in place and have had one for several years. It puts the city behind its surrounding cities for means to fund projects especially city parks.

City of Bryant, Arkansas  
Management's Discussion and Analysis  
December 31, 2023

Planned rate increases for Water and Wastewater are outline in Ordinances 2021-6 (Water) and 7 (Wastewater) through the year 2030.

Annually these rates are reviewed internally and every three years externally via a rate study. Beginning in 2023, a rate study is being undertaken to review the rate structure and effectiveness of the city's Stormwater rates.

The city continued using the Arkansas Municipal League's Municipal Health Benefit Fund for the city's employee's health insurance. Although a rate increase did not happen in 2022, in January of 2023 the medical rate class for Bryant went to Class 4 with a \$1200 deductible.

The city continues to lose its personnel to neighboring cities and has been shown to pay below the market average for several years now. In 2020, a committee was formed to review payroll related items and any possible raises either from evaluations or COLA (cost of living). This committee resulted in part in the addition of an Education Program in 2021 and a Certification Program in 2022 to accompany an already in place Longevity Pay Program (2018).

A great deal of money was budgeted in 2019, 2020, 2021, 2022 and 2023 for meeting the requirements of the Consent Action Order related to the Wastewater infrastructure of the city.

While the above items highlight some of the challenges of the city's finances and operations, overall the city is in good financial health and continues to strive to improve in this area. The city has experienced strong growth in sales tax.

#### Request for Information

This final report is designed to provide a general overview of the City of Bryant's finances for all those with an interest in such. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

Finance Department at City Hall

City of Bryant, Arkansas

Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position December 31, 2023

Total fund balances – governmental funds (page 37)	\$ 28,039,263
Amounts reported for governmental activities in the statement of net position are different because:	
Capital and intangible right-to-use assets used in governmental activities are not financial resources and therefore are not reported in the funds	\$ 59,105,248
Long term liabilities, (notes and bonds payable) are not due and payable in the current period and therefore are not reported in the funds, these are accounted for in debt service funds which also have items such as accrued interest and cash	\$ (38,837,751)
Net pension and OPEB liabilities are not reported in the funds	\$ (20,817,776)
Deferred outflows related to pension contribution and investment losses are not reported in the funds	\$ 7,908,700
Deferred inflows related to differences in pension experience and OPEB are not reported in the funds	\$ (1,893,654)
Net position of governmental activities (page 35)	\$ 33,504,030

The notes to the financial statements are an integral part of this statement.

City of Bryant, Arkansas

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances Governmental Funds to the Statement of Activities For the Year Ended December 31, 2023

Net Changes in Fund Balances – total governmental funds (page 39)	\$ (333,950)
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental Funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation / amortization expense. This is the amount by which capital outlays (\$16,399,632) exceeded depreciation (\$2,761,244) in the current period.	\$ 13,638,388
The net effect of various miscellaneous transactions involving capital assets (i.e., sales and donations) is to increase net position	\$ 20,168
The repayment of the principal of long term debt consumes the current financial resources of governmental funds. However, it has no effect on the net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statements of activities. This amount is the net effect of these differences in the treatment of long term and related items.	\$ (7,462,971)
Pension expense is reported as the amount paid in the fund, but incorporates deferred outflows and deferred inflows in the Statement of Activities	\$ (1,735,906)
Change in the net position of governmental activities (page 36)	\$ 4,125,730

---

The notes to the financial statements are an integral part of this statement.

The notes to the financial statements are an integral part of this statement.

# NOTES TO THE FINANCIAL STATEMENTS

Geographic Center of Arkansas Marker, Hwy 5

**Note 1: Summary of Significant Accounting Policies**

**Reporting Entity**

The City of Bryant, Arkansas (city), is organized as a political subdivision of the State of Arkansas and is a city of the first class, which is organized and exists under the laws of the State. The city operates under the Mayoral form of government.

**Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statements of net position and changes in net position) report information on all of the non-fiduciary activities of the primary government. The government-wide financial statements are presented on the GAAP basis of accounting. Generally, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities which rely, to a significant extent, on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expense of a given function or segment is offset by program revenues. Direct expenses are those clearly identifiable with a specific function or segment.

Program revenues include:

- 1) Charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment
- 2) Grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment

Taxes and other items not properly included in program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

**Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred

City of Bryant, Arkansas  
Notes to Financial Statements  
December 31, 2023

regardless of the timing of related cash flows. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met. Government fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are measurable and available. Revenues are considered to be available when they are collectible in the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the city considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred as under the modified accrual method. Most revenue items are considered to be measurable and available only when the city receives cash. A few revenue items are accrued if deemed material to do so.

The city reports the following major governmental funds:

- **General Fund 001** is the city's primary operating fund. It accounts for all financial resources of the general government except those required to be accounted for in another fund. For the purposes of this report this holds also the Sales Tax Fund 002, the Franchise Fee Fund 003, and the Electronic Tax Fund 010.
- **Street Fund 080** is a special revenue fund to account for all activities associated with maintaining and constructing streets. Arkansas statutes that provide funding for street and drainage projects require that these activities be accounted for separately. The Street Fund is financed by state turnback funds, and a portion of a state-wide ½ cent sales tax approved by the voters in July 2013.
- **Designated Tax Fund 005** Bryant Ordinance No. 1996-08 (March 25, 1996) provided for the levy of a one cent sales and use tax for the purpose of street improvements (30%), fire department (25%), police department (25%), city parks (10%), and animal control (10%).
- **2023 Debt Construction Fund 188** The city issued \$10mil of debt in 2023 and used that money to fund the construction of the Bryant Parkway. This related Construction Fund met the criteria to be considered a major fund in 2023.

The city has the following major funds related to Enterprise Activity. The city is in the process of moving from non-consolidated cash which necessitated this setup to consolidated cash which will allow for one fund for water, one for wastewater and one for stormwater activities.

- **Utility Revenue Fund 500** is used to account for activities associated with collecting the revenues of water, wastewater, and stormwater via the monthly bill collections and the treatment and distribution of drinkable water to customers in another department 0900.
- **Utility Operating Fund 510** is used to account for activities associated with collecting, treating and disposing sewage from customers in one department 0950.
- **Stormwater Fund 515** is used to account for activities associated with completing major capital stormwater projects.

The nonmajor funds of the city are special revenue funds, and debt service capital projects funds used to account for activities associated with revenue sources restricted for specified purposes as follows:

- **Special Revenue Funds include:**
  - **District Court Automation Fund 031 (Act 1809) ACA 16-13-704** established that ½ of \$5 per month on each person in the court could only be used for court-related technology. These funds are kept and spent from this fund.
  - **Administration of Justice Fund – ACA 16-10-308 Fund 030 Act 1256 of 1995** established that cities would receive a share of the uniform court costs and filing fees levied by the state law. These may be used to defray a part of the expenses of the administration of justice in the city. These funds are kept and spent from this fund.
  - **Fire Equipment and Training Fund 051 (Act 833)** is used to account for specific revenues per ACA 14-284-403, 404 which requires insurance premium tax funds to be distributed by the County to municipal fire departments for training, purchase and improvement of fire fighting equipment, initial capital construction or improvements of fire departments, insurance for buildings and utilities cost.
  - **Special Sales Tax Fire 3/8 Fund 055 – Bryant City Code 2.36.07 (2013)** levied a .375% sales and use tax to be used to operate and maintain; acquire apparatus and equipment; acquire, construct, improve, and expand facilities; to pay and secure repayment of fire department bonds.
  - **Special Sales Tax Parks 1/8 Fund 045 – Bryant City Code 12.32.01 (2013)** levied a .125% sales and use tax to be used to acquire, construct, improve, expand, equip, furnish, operate and maintain new or existing park and recreational facilities, including parking, landscaping, signage, lighting, concession, road and utility improvement, and to pay and secure the repayment of park and recreational bonds.
  - **Animal Control Donations Fund 020 – Bryant City Code 6.12.01 (2013)** via Ordinance 2011-24 established fund to receive donations for the animal control department to be used for any purpose reasonably related to the care, custody, and control of animals secured by the department including training, education, and assistance.
  - **Police Equipment Fund 061 (Act 918) ACA 12-41-701** established the ability of cities to receive a portion of fines and penalties from the Courts to be used for law enforcement purposes. These funds are kept and spent from this fund.
  - **Police Equipment Fund 062 (Act 988) ACA 27-22-103** established the ability of cities to receive the fine for citizens who fail to insure their motor vehicles and use those fines for the purchase and maintenance of rescue, emergency medical and law enforcement vehicles, communication equipment, animals owned or used by

City of Bryant, Arkansas  
Notes to Financial Statements  
December 31, 2023

law enforcement agencies, life saving medical apparatus and law enforcement apparatus. These funds are kept and spent from this fund.

- **Drug Control Funds Federal 066 and State 068 ACA 5-64-505** established that asset forfeitures resulting from drug offense cases should go to the arresting agency. These revenues shall only be used for law enforcement purposes.
- **ARPA Investment Fund 007** established in 2021 to hold the ARPA funds in an investment account until City Council decides what they can and should be used for, it is required they be obligated by the end of 2024 and spent by the end of 2026.
- **Advertising and Promotions Collections Fund 700** see NOTE 9, this fund houses old collections from a tax disbanded in 2019.
- **2022 Amendment 78 (167)** housed the loan proceeds from the Amendment 78 borrowing.

**Debt Service Funds include:**

- **Special Redemption Fund 110 – 2016 Bond 110 and Debt Service Reserve 113 and 2016 Sales and Use Bond Fund 114** are all connected with the 2016 Sales and Use Bond issuance of which only the Street taxed portion remained in 2023.
- **Street Bond 2016 Debt Service (185) and Street Bond 2016 Debt Service Reserve (186)** both are connected with the 2016 Franchise Fee Bond Issuance.
- **Street Bond 2023 (182) and Street Bond 2023 Debt Service Reserve (183)** both are connected with the 2023 Franchise Fee Bond Issuance.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges among the city's wastewater and water functions and various other functions of the city. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include:

- 1) Charges to customers or applicants for goods, services or privileges provided
- 2) Operating grants and contributions
- 3) Capital grants and contributions

Internally dedicated resources are reported as general revenues rather than as program revenues. General revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges to customers for sales and services. The Utility Revenue Fund 500 also recognizes as operating revenue the portion of tap

fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, and administrative expenses. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

**Assets, Liabilities and Net Position or Equity**

- **Deposits and Investments:** The city’s cash and cash equivalents are considered as cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. State statutes authorize the city to invest in obligations of the United States government, commercial paper and certain corporate bonds. Investments for the city are reported at fair value.
- **Restricted Assets:** The proprietary fund types restrict assets on the balance sheet in accordance with the requirements of bond obligation agreements, donor and membership restrictions and support obligations made by the city. The Bond Depreciation Fund is used to restrict resources and set aside funds to finance capital asset renewals and replacements. The assets consist primarily of cash and short-term investment funds.
- **Receivables:** Receivables consist primarily of uncollected utility charges to users of the system. A provision totaling \$104,000 has been made for delinquent accounts receivable that may be uncollectible at year end.
- **Capital and intangible right to use assets:** Capital assets, which include property, waste water plant and equipment, are reported in the applicable governmental or business-type activities. The city defines capital assets as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. (Exception: Equipment required to be registered by the state even if below the 5k threshold). Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. Infrastructures are long-lived assets that are stationary in nature such as streets, bridges, street lighting and sidewalks. Costs of normal maintenance and repairs that do not add to the value or materially extend the life of the asset are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, waste water plant and equipment of the city are depreciated using the straight-line method over the following, estimated useful lives:

Asset	Primary Government Years
Buildings	40
Building Improvements	20
Public Domain and System Infrastructures	50 and 30 Respectively
Vehicles and Equipment	5 and 10 Respectively
Other Items \$5,000 to \$20,000	2
Equipment Under 5K Threshold, Requiring Registration with the State	2

City of Bryant, Arkansas  
Notes to Financial Statements  
December 31, 2023

- **Fund Equity:** Beginning with fiscal year 2011, GASB Statement No. 54, “Fund Balance Reporting and Governmental Fund Type Definitions” was enacted by GFOA. This statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government’s fund balances more transparent. The following classifications describe the relative strength of the spending constraints:
  - **Non-Spendable:** Amounts that are not in spendable form (such as inventory) or are required to be maintained intact.
  - **Restricted:** Amounts constrained to specific purposes by their providers (such as grantors, bondholders, and other levels of government), through constitutional provisions or by enabling legislation.
  - **Committed:** Amounts constrained to a specific purpose by the city itself, using its highest level of decision-making authority (i.e. City Council). To be reported as committed, amounts cannot be used for any other purpose unless the city takes the same highest-level action to remove or change the constraint (i.e. Resolution).
  - **Assigned:** Amounts the city intends to use for a specific purpose. Intent can be expressed by the City Council or by an official or body to which the City Council delegates the authority.
  - **Unassigned:** Amounts that are available for any purpose. Positive amounts are reported only in the general fund.

The city’s goal is to use restricted, committed, or assigned amounts first, before unassigned, when an expenditure is incurred for purposes for which multiple classifications are available.

- **Property Taxes:** A lien attaches to the real property in January and on personal property in June of each year. Property taxes are collectible beginning the first business day of March of the subsequent year, but are not considered delinquent until after October 15. Property taxes reflect as revenues on the financial statements include the property tax relief distribution made by the State of Arkansas.
- **New Accounting Standard:** GASB Statement No. 96, Subscription-Based Information Technology Arrangements was deemed to have no material effect on the major funds of the city of Bryant for the year ended December 31, 2023.

City of Bryant, Arkansas  
Notes to Financial Statements  
December 31, 2023

**Note 2: Deposits and Investments**

- **Deposits and Investments:** The city’s deposits and investments are governed by state law. On December 31, 2023, the deposits and investments held by the city were as follows:

DEPOSITS:	Governmental	Enterprise	Total
Carrying value on the books - checking	\$19,443,591	\$3,826,677	\$23,270,268
Carrying value on the books - investments	9,304,475	-	9,304,475
Cash on hand	1,000	610	1,610
	Total	3,827,287	32,576,353
Balance at the bank	\$32,689,096	\$3,218,950	\$35,908,046

- **Custodial Credit Risk:** Custodial credit risk is the risk that in the event of a bank failure, a government’s deposits may not be returned to it. The city does not have a policy for custodial credit risk. Its investments are handled by the bond trustees in accordance with Arkansas State statutes for Municipal Funds. The carrying amount of the entire city’s deposits was \$32,576,353 with a corresponding bank balance of \$35,908,046 (including cash on hand). Of the amount \$35,158,046 (\$750,000 FDIC protected) was subject to custodial credit risk. The city has, however, collateralized pledged securities held by and in the name of Regions Bank and the First Security Bank in excess of amounts not covered by FDIC insurance.

NOTE in September of 2021, the City Council voted to open an investment account with Raymond James to hold the first tranche of the ARPA Federal Funds. The first tranche was in the amount of \$2,172,097 and was deposited in July of 2021. The city adopted an investment policy via Ordinance 2021-26 and all investments are in line with the state’s conservative investment guidelines for Arkansas Cities. The second tranche was not invested but rather was directly deposited into the water department for replacement meters and into the Stormwater Fund 515 for three stormwater projects. Additionally, the bond bank accounts held by trustees are also invested. At 12/31/23 only one investment of the ARPA money is left with the Federal Home Loan Bank for 1.83% yield with a final maturity of 9/26/24 callable quarterly.

City of Bryant, Arkansas  
Notes to Financial Statements  
December 31, 2023

**Note 4: Transfers** for the year ended December 31, 2023 was as follows:

Transfers are used to:

General Fund houses both the 002 Sales Tax Fund and the 003 Franchise Fee Fund the transfer shown moving out goes to the applicable funds for distribution of those amounts to their matching expenses. Similarly money collected in the Designated fund is moved out to the appropriate fund to spend the money each year per budgetary decisions.

Bond fund transfers show money collected for bonds moved to Trustee controlled debt service funds for payment on the bonds. Also interest collected on Reserve funds is moved to pay the bonds as well.

Proprietary Fund Transfers are predominantly used to move items collected on the utility bills in fund 500 to fund 510 to show an offset of related expenses. The other smaller items are mostly moving Impact and infrastructure fees collected that need to be shown with their related expenses. The \$1,360,537 was a one time move of ARPA funds from the Governmental Investment fund to the Stormwater Fund 515 for spending on Stormwater Projects.

City of Bryant, Arkansas  
Notes to Financial Statements  
December 31, 2023

**Note 5: Debt**

Legal Debt Limits for Property Tax Secured Bonded Debt equals 20% of the total assessed value for tax purposes of real and personal property as determined by the last tax assessment. The city has no property tax secured bond issues. Short-Term Financing Obligations are subject to a constitutional limitation of equal to 5% of the assessed value of taxable property within the city as determined by the last tax assessment. The city is well below its limitation.

In 2001, the State of Arkansas passed Amendment No. 78 and Act No. 1808, providing a method for cities and counties to obtain short-term financing. The law requires permissible items to have an expected useful life of over one year and requires that the financing not exceed five years and that interest and principal repayments be made from general revenues. The City of Bryant has several notes that have been issued pursuant to this authority, see those with payments during 2021 listed below.

2022 Public Safety, Parks and Animal Control Note -	2022 Public Safety, Parks and Animal Control		
		Principal	Interest
The \$925,000 promissory note was issued by Regions Bank 3/1/2022, to finance the cost of acquiring new PD equipment, Parks pickleball courts, and an Animal Control van. Principal and Interest payments of \$16,237.47 (2.06%) are paid monthly for five years from the General Fund.	2024	183,973	10,877
	2025	187,798	7,051
	2026	191,704	3,146
	2027	48,546	167

City of Bryant, Arkansas  
Notes to Financial Statements  
December 31, 2023

**Note 5: Debt - continued**

2021 Public Safety 911 Dispatch Equipment Note -

The note was issued by Motorola Solutions Credit Company, LLC in 2021, to finance the cost of acquiring new Public Safety 911 Dispatch equipment. Principal and Interest payments of \$100,203 (2.865%) are paid annually on or before 7/1 for three years, (2022, 2023, and 2024) from the General Fund, two payments made in 2022. The last payment due in 2024 was paid early in 2023 due to Statewide 911 consolidation plans.

2021 Enterprise Fleet Vehicles Note -

A note payable was signed with Enterprise Fleet Management in 2020 to provide the City with fleet vehicles for Public Safety. The Fire and Police Departments note payable agreement includes the cost to upfit the Public Safety vehicles with all necessary equipment. Public Safety fleet vehicles are a five year note payable option. The note payable also included vehicles for other city departments, these vehicles are on a 12 to 36 month note payable option determined by vehicle availability in the current market. The Principal and Interest were reduced by respectively \$42,474.15 and \$2,349.63 when a note payable vehicle was totaled during 2023.

## **Business-Type Activities**

**Water and Sewer Revenue Bonds, Series 2017** were issued for the purpose of refunding the Series 2008 A&B. The interest rates range from 2% to 3.625%. Original face value of the bonds was \$3,800,000 for the Series A Bonds and \$4,885,000 for the Series B Bonds. Principal payments are due annually on December 1<sup>st</sup> and interest payments are due semi-annually on June 1<sup>st</sup> and December 1<sup>st</sup>. These bonds were issued on December 1<sup>st</sup>, 2017.

### **Bond Payable-Loan Advances – Arkansas Natural Resource Commission (ANRC)**

**Series 2011** Bond payable water and wastewater revenue bond original face value of the bonds was \$6,500,000. The interest rate is 1.95% with a 1% service fee. Principal and interest payments began April 15<sup>th</sup>, 2014.

**Series 2012** Bond payable water and wastewater revenue bond original face value of the bonds was \$8,500,000. The interest rate is 1.95% with a 1% service fee. Principal and interest payments began April 15<sup>th</sup>, 2015.

## **Government-Type Activities**

### **City of Bryant, Arkansas Capital Improvement and Construction Revenue Bonds**

**Series 2023** These bonds were issued on May 31<sup>st</sup>, 2023, with a face value of \$10,880,000 for the purpose of financing a portion of the Bryant Parkway. These bonds are secured by a pledge of all of the franchise fees charged to public utilities for the privilege of using the streets, highways, and other public places in the city. The interest rates range from 3% to 4.2%. Principal payments are due annually on February 1<sup>st</sup> and interest payments are due semi annually on February 1<sup>st</sup> and August 1<sup>st</sup>.

### **City of Bryant, Arkansas Capital Improvement Refunding and Construction Revenue Bonds**

**Series 2016** These bonds were issued on March 31<sup>st</sup>, 2016, with a face value of \$10,625,000 for the purpose of refunding and financing a portion of the costs of I-30 improvement (on and off ramp). These bonds are secured by a pledge of all of the franchise fees charged to public utilities for the privilege of using the streets, highways, and other public places in the city. The interest rates range from 2% to 3.625%. Principal payments are due annually on February 1<sup>st</sup> and interest payments are due semi annually on February 1<sup>st</sup> and August 1<sup>st</sup>.

### **City of Bryant, Arkansas Sales and Use Tax**

**Series 2016** These bonds were issued December 1<sup>st</sup>, 2016, with an original par value of \$28,755,000 for the purpose of the costs of acquiring, constructing, equipping, and furnishing park and recreational improvements, building two new Fire Stations, and constructing the Bryant Parkway South from I-30 to the airport. These bonds are secured by a pledge of the sales and use

tax of the city. The interest rates range from 2% to 4%. Principal payments are due annually on December 1<sup>st</sup> and interest payments are due semiannually on June 1<sup>st</sup> and December 1<sup>st</sup>.

	Balance at 1/1/2023	Increases	Decreases	Balance at 12/31/2023	Amount Due in 1 Year
Government-Type Activities long term debt					
Bonds Payable	\$27,185,000	10,880,000	(3,070,000)	34,995,000	\$375,000
Note Payable	3,818,346	495,368	(842,396)	3,471,318	1,160,076
Business-Type Activities Long Term Debt					
Bonds Payable	12,701,672	-	(902,523)	\$11,799,149	915,838
Note/Contract Payable (Vac Truck)	\$490,000	-	(92,996)	397,004	\$95,433

The city has used just general funds for governmental pension and OPEB expenses and general utility funds for enterprise pension and OPEB expenses in the past.

Debt expense associated with the above bond issues was fully written off in a prior fiscal year in accordance with GASB 65 for the governmental activities and all business-type activities. All significant debt covenants and restrictions as set forth in the bond agreements were complied with. There were no unused lines of credit in the current year. The outstanding notes contain provisions in the event of default, the lender can exercise one or more of the following options: (1) makes all or any of the outstanding notes payable balances immediately due and accrued interest at highest post-maturity interest rate, (2) take possession of the collateralized properties, (3) gain access to other assets of the borrower to protect the lender’s interest, and (4) use any remedy allowed by state or federal law. All governmental notes are secured by the full faith and credit of the City.

In 2023 the city took on new bonded debt for \$10,880,000 to use to complete the Bryant Parkway, a project to build a connector road from interstate I30 to Reynolds road past the main Bryant School District traffic routes. The plan is to complete this project in 2024.

**Note 6: Other Information Including Risk Management**

During the course of daily operations, the city is exposed to various risks of loss relating to theft of, damage to or destruction of assets, errors and omissions, injuries to employees and natural disasters. The city has tort immunity except in the case of civil rights issues. The city manages these risks by following coverage procedures.

The city participates in the Arkansas Municipal League Insurance Program for the coverage in the following areas:

- **Municipal League Defense Program:** This insurance program provides coverage for legal defense, expenses and damages in suits against city officials and employees, as well as civil rights suits against the municipal government. The program is a participant in a funded trust with pooled risk involving cities in Arkansas. The coverage of each case is at the sole discretion of the program's administrator. The maximum coverage of any one loss cannot exceed 25% of the programs fund reserve; therefore, the city could be at risk if any suit against the city exceeds 25% of the program's reserve. The city agrees to pay into the program each year a charge established by the steering committee. Each city also agrees to pay the first \$3,000 of the aggregate cost for all expenses on each lawsuit. The cost deposit is not refundable.
  
- **Municipal Property Program:** This insurance program provides coverage for insurable property and equipment exclusive of motor vehicles and water vessels that belong to the participating municipality and for which coverage has been applied and approved. The limit of the program's liability is:
  - 1) Actual cash value, or
  - 2) Cost to repair or replace the property of like kind and quality, or
  - 3) Applicable limit of liability stated in the enumeration schedule, or
  - 4) 25% of the program's available funds at the time of settlement.

Loss amounts payable will be reduced by the deductible amount of \$5,000, or in the case of flood or earthquake, \$500,000.

- **Municipal Vehicle Program:**
  - **Liability** – The city shall pay into the program each year a charge established annually by the program administrator for covered municipal vehicles and self-propelled mobile equipment owned or note payable by the city.
  - **Physical Damage** – The city shall pay into the program each year a charge established annually by the program administrator for covered property.

City of Bryant, Arkansas  
Notes to Financial Statements  
December 31, 2023

- **Workers' Compensation:** This insurance program provides compensation to employees in the event of injury suffered while conducting city business. The program covers all statutory requirements and the city's risk of loss is effectively transferred. Rates are revised by class code on an annual basis by the Arkansas Workers' Compensation Commission.
- **Contingent Liabilities:** Amounts received or receivable from grant agencies are subject to audit and adjustments by grantor agencies, mainly the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time. The city expects disallowed claims, if any, to be immaterial. The city is a party in various lawsuits. Although, the outcome of these lawsuits is not presently determinable, in the opinion of the city's attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the city.
- **Self-Insured Fidelity Bond Program:** The city also participates in this program administrated by the Governmental Bonding Board. This program covers actual losses sustained by the participating entity through any fraudulent or dishonest act or acts committed by any of the officials or employees, acting alone or in collusion with others, during the bond period to an amount not exceeding the lesser of \$250,000 or the amount of the bond. Premiums for coverage are determined by the State Risk Manager and approved by the Board. There is a \$2,500 deductible per occurrence.
- **Post-Employment Benefits:** Other post-employment benefits for city employees are limited to health insurance continuation coverage under federal law (COBRA) providing all costs associated with the benefits are borne by the electing participant.

## **Note 7: Employee Retirement Systems and Pension Plans**

**Pension Plans – Primary Government:** The city participates in retirement plans that cover all full-time employees. The city's municipal judges and clerks participate in a pension and retirement plan maintained by the state. The city's uniformed police and fire personnel participate in the Local Police and Fire Retirement System (LOPFI). All other employees are covered under the Arkansas Public Employees Retirement System (APERS).

### **Arkansas District Judge Retirement System**

- **Plan Description:** Acts 1374 and 1375 of 2003 established the Arkansas District Judge Retirement System (ADJRS), a cost sharing multiple employer plan. This retirement system became effective January 1<sup>st</sup>, 2005. The legislation merged the city's administered pension plan with the new pension system. The city funds retirement through matching of judges' and clerks' salaries through the Court's Operating Fund. ADJRS provides for the retirement of all district court judges who are not covered under the Arkansas Public Employees Retirement System (APERS). District court judges first hired after January 1<sup>st</sup>, 2005 are covered by ADJRS. The system provides retirement benefits for district judges and court clerks, who retired from the local retirement plans, and their survivors. A deferred benefit was established for all district judges and court clerks in the local plans that were active on December 31<sup>st</sup>, 2004. These deferred annuities will be eligible for a benefit when they meet the eligibility requirements for their previous, local plans. The statutes providing for and covering the ADJRS are in chapters two and eight of Title 24 of the Arkansas Code Annotated. The administration and control of the system is vested in the board of trustees. The Arkansas District Judge Council and the governor appoint the board. The city's financial information is in the annual report of ADJRS. A copy of the report can be obtained by writing to:  
ADJRS  
124 West Capitol Avenue  
Suite 400  
Little Rock, Arkansas 72201
- **Summary of Significant Accounting Policies:** Basis of Accounting and Valuation of Investment. The Arkansas District Judge Retirement System is accounted for using the accrual basis of accounting. Revenues are recognized when earned, without regard to date of collection; and expenses are recognized when a liability is incurred, regardless of when payment is made. Investments are reported at market value determined by the custodial agent. The agent's determination of market value includes, among other factors, using pricing services or process quoted at current exchange rates by independent brokers.

At implementation, an actuarial valuation was performed. As of June 30<sup>th</sup>, 2022, the city's unfunded liability was \$36,232. The city has paid this deficit over a 30-year amortization, with payments being due to ADJRS by December 31<sup>st</sup> of each year. In 2022, it was decided to pay the entire remaining liability freeing the city and county from the interest on this debt each year so no additional payment was needed or made in 2023.

### **Arkansas Local Police and Fire Retirement System (LOPFI)**

- **Plan Description:** LOPFI is a statewide cost sharing multiple-employer defined-benefit pension plan administered in accordance with Act 364 of the 1981 Arkansas General Assembly for units of local governments covering police officers and firefighters. The plan provides retirement, disability and death benefits to plan members and their beneficiaries. Employees hired after January 1<sup>st</sup>, 1983, whose political subdivision had a retirement system in effect at July 1<sup>st</sup>, 1981, are eligible to participate in the Plan. The city's financial information is in the annual report of LOPFI. A copy of the report can be obtained by writing to:

LOPFI

620 West 3<sup>rd</sup> Street, Suite 200

Little Rock, Arkansas 72201

Or on their website at: [www.lopfi-prb.com](http://www.lopfi-prb.com)

Or calling: 1-501-682-1745

Contributions requirements are set forth by Arkansas statute. LOPFI members were required to contribute 2.5% for police and 8.5% for fire of their annual covered salary. Police is covered by social security where fire is not, this accounts for the difference in the member contribution rates. The city is required to contribute at an actuarially determined rate, which was 23.5% for participating policemen and 23.5% for participating firemen. City contributions to the Plan were \$601,003 for Fire and \$605,651 for Police for the year ended December 31<sup>st</sup>, 2022.

### **Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At December 31<sup>st</sup>, 2022, the LOPFI Police and LOPFI Fire reported a liability of \$6,664,830 and \$6,616,966, respectively, for their proportionate share of the net pension liability. The net pension liability was measured as of December 31<sup>st</sup>, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31<sup>st</sup>, 2022. The city's proportionate share was .62% and .62% respectively, for LOPFI Police and LOPFI Fire. The allocation percentages are based on the ratio of each employer's contributions to total employer contributions of the group for the fiscal year ended December 31<sup>st</sup>, 2022. The contributions used excluded contributions made for prior service, excess benefits and irregular payments. The employer allocation percentages have been rounded for presentation purposes.

City of Bryant, Arkansas  
Notes to Financial Statements  
December 31, 2023

	Deferred Outflows of Resources	Deferred Inflows of Resources
<u>LOPFI Police (includes Volunteer)</u>		
Contributions after the measurement date	\$448,036	-
Differences between expected and actual experience	444,906	62
Difference between expected and actual investment earnings on pension plan investments	1,619,926	-

City of Bryant, Arkansas  
Notes to Financial Statements  
December 31, 2023

- **Actuarial Assumptions:** The total pension liability in the December 31<sup>st</sup>, 2022, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

LOPFI – Police and Fire	
Inflation (Wage, Price)	3.25%, 2.50%
Investment rate of return	7.5% as adopted by the board
Actuarial cost method	Entry age normal

Mortality rates were based on the RP-2000 Combined Mortality Table.

The actuarial assumptions used in the December 31<sup>st</sup>, 2022 valuation were based on the results of an actuarial experience study for the period January 1<sup>st</sup>, 2008 to December 31<sup>st</sup>, 2011. As a result of the 2011 actuarial experience study, the expectation of life after disability was adjusted in the December 31<sup>st</sup>, 2020 actuarial evaluation to more closely reflect actual experience.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These real rates of return are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. For each major asset class that is included in the pension plan’s target asset allocation as of December 31, 2022, these best estimates are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return	Allocation-Weighted Long-Term Expected Real Rate of Return
U.S. Stock – Large Cap	21%	4.05%	0.85%
U.S. Stock – Small Cap	21%	4.65%	0.98%
International Equity	9%	5.27%	0.47%
Emerging Markets	9%	7.49%	0.67%
U.S. Corporate Bonds	25%	-0.35%	-0.09%
Real Estate	5%	3.76%	0.19%
Private Equity	10%	9.10%	0.91%
Total	100%		3.98%
Expected Inflation			2.25%
Total Return			6.23%

City of Bryant, Arkansas  
Notes to Financial Statements  
December 31, 2023

- Discount Rate:** A single discount rate of 7 percent was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 7.5 percent. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.
- Sensitivity of the net pension liability to changes in the single discount rate.** The following presents the City’s net pension liability, calculated using a single discount rate of 7 percent, as well as what the plan’s net pension liability would be if it were calculated using a single discount rate that is one percent lower or one percent higher:

	1% Decrease 6%	Current Discount Rate 7%	1% Increase 8%
LOPFI-Police Net pension liability (includes Volunteers)	\$9,838,661	\$6,664,830	\$4,113,107
LOPFI-Fire Net pension liability	\$9,853,042	\$6,616,966	\$3,998,236

### Arkansas Public Employee Retirement System (APERS)

- **Plan Description:** APERS is a cost-sharing, multiple-employer, defined benefit plan which covers all State employees who are not covered by another authorized plan, all county employees, municipal employees whose municipalities have elected coverage under this plan, college and university employees, and certain non-teaching school employees. The plan was established by the authority of the Arkansas General Assembly with the passage of Act 177 of 1957. The costs of administering the plan are paid out of investment earnings. The general administration and responsibility for the proper operation of the System is vested in the thirteen members of the Board of Trustees of the Arkansas Public Employees Retirement System (the Board). Membership includes three state and three non-state employees, all appointed by the Governor, and three ex-officio trustees, including the Auditor of the State, the Treasurer of the State and the Director of the Department of Finance and Administration, and four board positions that were added in Act 686 of the 2021 State Arkansas Legislative session. All of these four positions are appointed by the State of Arkansas Legislature. Two of these positions represent retirees with one being appointed by the House of Representatives and the other appointed by the Senate. The other two positions represent retired law enforcement with one being appointed by the other and the other by the Senate. Benefits and contribution provisions are established by Arkansas law and can be amended only by the Arkansas General Assembly.

- **Benefits Provided:** Benefit provisions are set forth in Arkansas Code Annotated, Title 24, Chapters 5 and 6 and may only be amended by the Arkansas General Assembly. APERS provides retirement, disability and death benefits. Retirement benefits are determined as a percentage of the member's highest 3-year average compensation times the member's years of service. The percentage used is based upon whether a member is contributory or non-contributory as follows:

Contributory, prior to 7/1/2005	2.07%
Contributory, on or after 7/1/2005, but prior to 7/1/2007	2.03%
Contributory, on or after 7/1/2007	2.00%
Non-Contributory	1.72%

Members are eligible to retire with a full benefit under the following conditions:

- at age 65 with 5 years of service,
- at any age with 28 years actual service,
- at age 60 with 20 years of actual service if under the old contributory plan (prior to July 1, 2005), or
- at age 55 with 35 years of credited service for elected or public safety officials.

City of Bryant, Arkansas  
Notes to Financial Statements  
December 31, 2023

Members may retire with a reduced benefit at age 55 with at least 5 years of actual service or at any age with 25 years of service. Members are eligible for disability benefits with 5 years of service. Disability benefits are computed as an age and service benefit, based on service and pay at disability. Death benefits are paid to a surviving spouse as if the member had 5 years of service and the monthly benefit is computed as if the member had retired and elected the Joint & 75% Survivor option. A cost-of living adjustment of 3% of the current benefit is added each year.

- **Contributions:** Contribution requirements are set forth in Arkansas Code Annotated, Title 24, Chapter 4. The contributions are expected to be sufficient to finance the costs of benefits by members during the year and make a level payment that, if paid annually over a reasonable period of future years, will fully cover the unfunded costs of benefit commitments for services previously rendered (A.C.A. 24-2-701)(a)). Members who began service prior to July 1, 2005, are not required to make contributions to APERS. Members who began service on or after July 1, 2005, are required to contribute 5% of their salary. Act 365 of the 2021 Legislative session put into place annual increase of .25% to this employee contribution rate beginning July 1 2022 and continuing each year up to a maximum rate of 7%. Employers are required to contribute at a rate established by the Board of Trustees of APERS based on an actuary's determination of a rate required to fund the plan (A.C.A. 24-2-701(c)(3)). Employers contributed 15.32% for municipal employees and 25% for district judges of compensation from January 1, to June 30, 2023. In some cases, an additional 2.5% of member and employer contributions are required for elected officials. Contributions to the APERS from the City were \$922,614 for the year ended December 31, 2023.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows or Resources Related to Pensions**

On December 31, 2023, the City reported a liability of \$7,918,215 for its proportionate share of the APERS net pension liability. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. Each employer's proportion of the net pension liability was based on the employer's share of contributions to the pension plan relative to the total contributions of all participating employers. On June 30, 2023, the City's proportion was 15.32%.

For the year ended December 31, 2023, the City recognized APERS pension expense of \$1,689,747. On December 31, 2023, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

City of Bryant, Arkansas  
Notes to Financial Statements  
December 31, 2023

	Deferred Outflows of Resources	Deferred Inflows of Resources	Schedule of Deferred Inflows and Outflows	
Contributions after the measurement date	\$479,500	-		
Differences between expected and actual experience	446,967	\$43,499		
Changes of assumptions	372,254	-	2024	618,168
Net difference between projected and actual earnings on pension plan investments	985,534	-	2025	375,073
Changes in proportion and differences between City contributions and proportionate share of contributions	466,198	-	2026	1,300,729
			2027	(66,516)
			2028	-
			Thereafter	-
Total	\$2,750,453	\$43,499	Total	\$2,227,454

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in our financial statements as shown to the right above.

- **Actuarial Assumptions:** The total pension liability in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Wage Inflation Rate	3.25%
Salary Increases	3.25% - 9.85%
Investment Rate of Return	7%, net of investment and admin expenses

Mortality rates were based on RP-2006 weighted generational mortality tables for healthy annuitant, disability, or employee death in service, as applicable. The tables applied credibility adjustments of 135% for males and 125% for females and were adjusted for fully generational mortality improvements using Scale MP-2017.

The actuarial assumptions used in the June 30, 2023 valuation were based on the results of an actuarial experience study for the period July 1, 2012 through June 30, 2017.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

City of Bryant, Arkansas  
Notes to Financial Statements  
December 31, 2023

The target allocation and best estimates of arithmetic real rates of return for each major asset class included in APERS' target asset allocation as of June 30, 2022 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate Return
Broad Domestic Equity	37%	6.19%
International Equity	24%	6.77%
Real Assets	16%	3.34%
Absolute Return	5%	3.36%
Domestic Fixed	18%	1.79%
	100%	

**Discount Rate:** The discount rate used to measure the total pension liability was 7% for the year ended June 30, 2023. The single discount rate was based on the expected rate of return on pension plan investments of 7%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that participating employer contributions will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

- **Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate.** The following presents the City's proportionate share of the new pension liability calculated using the discount rate of 7%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6 %) or 1-percentage-point higher (8%) than the current rate:

	1% Decrease 6%	Current Discount Rate 7%	1% Increase 8%
City's proportionate share of the net pension liability	\$12,620,923	\$7,918,215	\$4,043,630

- **APERS Fiduciary Net Position:** Detailed information about APERS' fiduciary net position is available in the separately issued APERS Financial Report available at: <http://www.apers.org>.
- **Payable to the Pension Plan:** On December 31, 2023, the City did not have an outstanding amount of contributions due to the pension plan for the year ended December 31, 2023.

**Note 8: Other Post-Employment Benefits**

**Plan Description and Benefits Provided:** The City’s OPEB plan is a single-employer defined benefit plan. The City of Bryant uses the Health Insurance provided by the Arkansas Municipal League through the Municipal Benefit Health Fund. Arkansas statute provides that any municipal city official or employee vested in any of the city’s retirement plans with 20 years of service and attains 55 years of age may continue to participate in the city’s healthcare plan after retirement. In addition, members employed at least 5 years with age plus service exceeding 70 at retirement are eligible for benefits. The State of Arkansas has the authority to establish and amend the requirements of this statute. The city does not issue stand-alone financial statements of its healthcare plan but all required information is presented in this report. The contribution requirements of OPEB plan members are established by the city and may be amended as needed. Plan members pay the entire cost of monthly insurance premiums at the same rate charged to active employees and receive a benefit of the blended premium rate from all of the employees participating in the city’s health insurance plan. The plan had no retired participant paying premiums as of December 31, 2023. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

- **Total OPEB Expense (Income) Under GASB 75:** The city’s total OPEB expense of \$42,045 was measured as of December 31, 2023, and was determined by an actuarial valuation as of that date.

Changes in Total OPEB Expense		Discount Rates	
		2017	3.16
1 Service Cost	\$66,160	2018	3.64
2 Interest	38,076	2019	3.26
3 Rec. of Outflow (Inflow) due to Liabilities	(62,191)	2020	1.93
		2021	2.25
Net Change in Total OPEB Expense	42,045	2022	4.31
Balance at 12/31/2023	\$42,045	2023	4.00

**Actuarial Cost Methods and Assumptions**

- **Inflation Rate:** The discount rate, and the healthcare cost trend rate incorporate an assumed annual inflation rate of 3.00%.
- **Healthcare Trend Rate:** The healthcare cost trend rate was assumed to be 8.0% next year, with the rate decreasing by 0.5% each year, to an ultimate rate of 5.0% in the seventh year.
- **Cost Method:** The entry age normal method was used.

City of Bryant, Arkansas  
Notes to Financial Statements  
December 31, 2023

- **Base Claim Costs:** The following monthly claim costs were assumed for 2020:

Retiree, No Medicare	1,105
Retiree, with Medicare	490
Premium Per Month	490
Therefore, net subsidy assumed was	615

- **Source of Claim Costs:** The medical cost for retirees equals the rate charged by the providers at the beginning of the year.

**Sensitivity of the Total OPEB Liability to Changes in the Discount Rate**

1% Decrease to 3.00%	Current Single Discount Rate of 4.00%	1% Increase to 5.00%
\$1,052,953	\$947,643	\$851,473

**Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates**

1% Decrease in *HCCTR	Assumed *HCCTR	1% Increase in *HCCTR
801,528	947,643	1,127,165

On December 31, 2023, the City reported deferred inflows and outflows of resources related to OPEB from the following sources:

	Outflows	Inflows
Difference between expected and actual experience		\$516,385
Change of assumptions	159,699	214,797
Net difference between projected and actual earnings	-	-
Changes in the employer's proportion/diff contrib. etc.	-	-
Total	\$159,699	\$731,182

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending December 31:	Net Deferred Outflow / (Inflow) of Resources
2024	(\$62,191)
2025	(62,191)
2026	(62,191)
2027	(62,191)
2028	(62,191)
Thereafter	(260,527)
Total	\$(571,483)

LOPFI-Police (includes volunteers)	6,664,830	2,822,836	585,004	448,036
LOPFI-Fire	6,616,966	2,612,234	650,233	458,921
Totals	\$22,147,654	8,345,222	2,009,918	1,908,002

**Note 9: Water / Wastewater Rates and Customers:**

Customers pay for the first 2,000 gallons of water consumption each month or portion thereof, rates that vary from \$13.96 for a 5/8" meter up to \$698.32 for a 6" meter. All water consumption in excess of 2,000 gallons is \$.671 for each 100 gallons. There were approximately 9095 active water customers at December 31, 2023. The total annual billable water for customers in 2023 was from 625 commercial and 8470 residential customers. Wastewater customers pay \$19.89 for the first 2,000 gallons of water consumed. Consumption in excess of 2,000 gallons is \$1.061 for each 100 gallons. There were approximately 9713 wastewater users at December 31, 2023. There are 1243 Sewer only accounts; these accounts are not within the city limits. These types of accounts grew in 2023.

During 2016, the City Council approved an ordinance charging \$3.00 per month for residential customers and \$6.00 per month for commercial customers to fund improvements to the stormwater system. Total revenue collected in 2016, 2017, 2018, 2019, 2020, 2021, 2022 and 2023 was respectively \$157,452, \$322,140, \$287,801, \$379,854, \$291,324, \$310,793, \$312,896 and \$322,795. Additionally, approximately 900-1,000 customers are stormwater fee exempt due to the Senior Citizen discount program.

**NOTE 10: Dissolved Advertising and Promotion (A&P) Commission Funds:**

The creation (2018) and subsequent dissolution (2019) of the A&P led to the 2022 Audit Report showing an ending balance for these funds of \$233,655. During 2023 these funds were transferred to general fund to pay for Council approved projects. Collections were made for approximately one year and approximately \$800,000 was collected during that time. The Commission was unable to agree on a go forward plan and the Commission was dissolved by the Council effective August 8, 2019. Resolution 2019-47 outlines that those funds will be spent by the consensus of the City Council on items that State Statute allows and checks will be cut and signed by the Mayor and the Finance Director until all the money has been spent. The ending cash balance of these funds at 12/31/23 was zero.

**NOTE 11: Prior Period Adjustment** – Correction of an Error - During the current year audit, it was discovered that a grant reimbursement related to the Parkway grant in the amount of \$634,442 should have been recorded as accounts receivable and revenue in the Street Fund. The grant funds on the schedule of expenditures of federal awards were correct in the prior year, but both the Street fund's fund balance and the governmental activities' net position were understated by \$634,442. While this prior period adjustment was made it was decided to clean up an immaterial issue of \$4,311 on the Enterprise funds fund balance as well.

City of Bryant, Arkansas  
Notes to Financial Statements  
December 31, 2023

**NOTE 12: Subsequent Event:**

A Memorandum of Understanding was signed by the Mayor in January 2024 for Meter Funding from Arkansas Natural Resource Commission - At its meeting on June 22, 2023, the Arkansas Natural Resources Commission approved two loans in the amounts up to \$1,500,000 (20 years at 1.75%) from the Clean Water State Revolving Loan Fund and up to \$3,548,810 (10 years at 1.75%) from the Drinking Water State Revolving Loan Fund. These funds are to be used respectively for Lea Circle parallel gravity sewer relocate and capacity increase and Water Meter Replacements and upgrades.

2023 Improvements - Mills Park Pavilion

City of Bryant, Arkansas  
 APERS - Schedule of City's Contributions and Proportionate Share of Net Pension Liability  
 Last Eight Fiscal Years

Arkansas Public Retirement System (APERS) Reports ended June 30 of the year noted (so the June 30, 2024 report is due out the same time as this report and therefore not available)

Fiscal Year	Actuarial Determined Contribution (ADC)	Actual Contribution	Contribution Deficiency or Excess	Covered Payroll	Actual Contribution as a % of Covered Payroll	City's Proportion of the Net Pension Liability	City's Proportionate Share of the Net Pension Liability	City's Proportionate Share of the Net Pension Liability as a % of its Covered Payroll
2016	\$ 468,816	\$ 468,816	\$ -	\$ 3,192,086	14.69%	\$ 4,267,372	0.18%	134%
2017	525,466	525,466	-	3,584,771	14.66%	5,195,937	0.20%	145%
2018	572,463	572,463	-	3,905,607	14.66%	4,570,741	0.21%	117%
2019	645,949	645,949	-	4,245,515	15.21%	5,315,583	0.22%	125%
2020	710,556	710,556	-	5,016,237	14.17%	6,806,965	0.24%	136%
2021	736,398	736,398	-	4,577,850	16.09%	1,850,685	0.24%	40%
2022	791,106	791,106	-	5,261,960	15.03%	6,661,191	0.24%	127%
2023	\$ 922,614	\$ 922,614	\$ -	\$ 6,283,028	14.68%	\$ 7,918,215	0.27%	126%

NOTE: This schedule is presented to fulfill the requirement to show ten years of trend data. However, only the years shown are available. Covered Payroll includes only salaries not taxes or benefits. LOPFI covers payroll for Fire and Police; APERS Covered Payroll covers all depts but Fire and Police and OPEB covers all depts together. Plan Fiduciary Net Position as a % of the total Pension Liability is being investigated for the years shown in a later report. The reduced portion of the net pension liability in 2021 was because APERS had an incredible investment return of approximately 31.5% in FY21.

OTHER SUPPLEMENTARY  
INFORMATION

2023 Work in Progress - Bryant Parkway Phase II

City of Bryant, Arkansas  
Nonmajor Governmental Funds  
December 31, 2023

**ARPA Investments Fund (007)** established in 2021 to hold the ARPA funds in an investment account until City Council decided what they can and should be used for, it is required by the Federal government that these funds be obligated by the end of 2024 and spent by the end of 2026.

**Animal Control Donations (020)** Bryant City Code 6.12.01 (2013) via Ordinance 2011-24 established this fund to receive donations for the Animal Control department to be used for any purpose reasonably related to the care, custody, and control of animals secured by the department including training, education, and assistance.

**Act 1809 of 2001 District Court Automation Fund (031)** ACA 16-13-704 established that 1/2 of \$5 per month of each person in the court could only be used for court-related technology . These funds are kept and spent from this fund.

**Park 1/8 Sales Tax O&M (045)** Bryant City Code 12.32.01 (2013) levied a .125% sales and use tax to be used to acquire, construct, improve, expand, equip, furnish, operate, and maintain new or existing park and recreational facilities, including parking, landscaping, signage, lighting, concession, road and utility improvements, and to pay and secure the repayment of park and recreational bonds.

**Act 833 of 1991 (051) Fire Equipment and Training Fund** is used to account for specific revenues per ACA 14-284-403, 404 which requires insurance premium tax funds to be distributed by the County to municipal fire departments for training, purchase and improvement of fire fighting equipment, initial capital construction or improvements of fire departments, insurance for buildings and utilities cost.

**2022 Amendment 78 Fund (167)** housed the loan proceeds from the Amendment 78 borrowing.

**Special Sales Tax Fire 3/8 Fund (055)** levied a .375% sales and use tax to be used to operate and maintain; acquire apparatus and equipment; acquire, construct, improve, and expand facilities; to pay and secure repayment of fire department bonds.

**Police Equipment Fund Act 918 of 1983 (061) ACA 12-41-701** established the ability of cities to receive a portion of fines and penalties from the Courts to be used for law enforcement purposes. These funds are kept and spent from this fund.

**Police Equipment Fund Act 988 of 1991 Emergency Vehicles (062) ACA 27-22-103** established the ability of cities to receive the fine for citizens who fail to insure their motor vehicles and use those fines for the purchase and maintenance of rescue, emergency medical and law enforcement vehicles, communication equipment, animals owned or used by law enforcement agencies, life saving medical apparatus and law enforcement apparatus. These funds are kept and spent from this fund.

**Drug Control Federal Fund (066) and Drug Control State Fund (068) ACA 5-64-505** established that asset forfeitures resulting from drug offense cases should go to the arresting agency. These revenues shall only be used for law enforcement purposes.

**Administration of Justice Fund - ACA 16-10-308 Fund 030 Act 1256 of 1995** established that cities would receive a share of the uniform court costs and filing fees levied by the state law. These may be used to defray a part of the expenses of the administration of justice in the city. These funds are kept and spent from this fund.

**Advertising and Promotions Collections Fund 700** see Note 9, this fund houses old collections from a tax disbanded in 2019.

**2023 Revenue Street Bond Fund (182)** is used to pay the bond to the Trustee Regions & the **Street Bond 2023 Debt Service Fund (183)** is the Debt Bond requirement to support the 2023 Bond Issuance.

**2016 Sales & Use Tax Bond Funds (110,113, and 114)** were obtained to fund two fire stations, several parks projects and the street connection from I30 to the airport.

**Street Bond 2016 Debt Service Fund (185)** are bond funds refunded in 2016 and the proceeds used to fund the on and off ramp connecting I30 to the street connection from I30 to the airport funded by Funds 110, 113, and 114 and provide traffic relief along Reynolds Road.

**Street Bond 2016 Debt Service Reserve Fund (186)** is the Debt Bond requirement for the 2016 Franchise Fee funded bonds.

# STATISTICAL SECTION

"Old Town" Shopping Center - Reynolds Road

## Statistical Section

---

### Financial Trends

These Statements contain trend information to help readers understand how the City's financial performances and well-being have changed over time.

### Revenue Capacity

These schedules contain information to help readers assess the City's most significant local revenue source - sales tax.

### Debt Capacity

These schedules present information to help readers assess the affordability of the City's most current levels of outstanding debt and the City's ability to issue additional debt in the future.

### Operating Information

These schedules contain service and infrastructure data to help readers understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

### Demographic and Economic Information

These schedules offer demographic and economic indications to help readers understand the environment within which the City's financial activities take place.

Source: HR

- A. In 2015, the first election was held for the City Attorney position.
- B. In 2017, a temporary position was added in the Mayor's office to address one time city wide software training items.
- C. Also, in 2017, a new code officer, two new police officers, three parks positions, and two public works positions were added. These positions had been requested for some time and when funding became available were added.
- D. In 2018, a review was made of the calculation of the Part Time positions in Parks and new numbers were determined. Staff hopes to continue to refine this review during 2018. Also a more careful review was given to the presentation of the Police sub departments resulting in reduction of 1.5. Public Works reduced by 3 positions overall. Code down 1.
- E. In 2019 there was an increase of 5 in Public Works and 2 in Police and 1.5 in Code and removed the temporary 2017 position from the Mayor's office.
- F. In 2020, four positions were added in total .5 and 1 were removed from Code and Parks while 2, 1, and 2.5 were added to Animal, Fire and PD. These position increases had been requested for several years. Also, in 2020, the Staff and Elected City Attorney positions were made one position and one position was added to the IT Department and the 4 people in Engineering moved from Public Works to Administration. Also in 2020 Police revamped their chart organization, see titles.
- G. In 2021 another review was made of the Parks Part Time positions resulting in 9 being added.
- H. In 2022 one position was added in the Mayor's office, a Facilities Manager. One was added in the new Community Development dept, a Grants Manager and one position was added in Finance, a Purchasing Coordinator. 1 Proposed Animal Tech was added and two part time ones. 6.5 positions were added to Police. A mistake was made in the prior year and the Warrants Officer was left off the org chart. A Part Time and two full time positions in dispatch. Corporals were removed from the Organization Structure and 4 Uniform positions were added. 8.5 positions were added across Public Works mostly in Wastewater.
- I. In 2023 only one position has been added to the General Fund in Engineering and that position was frozen in along with the Purchasing Coordinator position.

**Independent Auditor's Report on Internal Control over Financial  
Reporting and on Compliance and Other Matters Based on an Audit of  
Financial Statements Performed in Accordance with *Government Auditing Standards***

To the Mayor and City Council  
City of Bryant, Arkansas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Bryant, Arkansas, as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise City of Bryant, Arkansas' basic financial statements, and have issued our report thereon dated July 30, 2024.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered City of Bryant, Arkansas' internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Bryant, Arkansas' internal control. Accordingly, we do not express an opinion on the effectiveness of City of Bryant, Arkansas' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether City of Bryant, Arkansas' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

U.S. Department of Transportation	20.600	Arkansas State Police	OP-2021-02-02-04	Highway Safety Cluster State and Community Highway Safety (STEP 2023)	33,265
Arkansas State Police Total:					33,265
U.S. Department of Transportation Total:					3,168,340
Department of the Treasury Total:					1,297,000
Total Federal Awards:					\$4,465,340

The accompanying notes are an integral part of this schedule.

City of Bryant, Arkansas  
Notes to the Schedule of Expenditures of Federal Awards  
Year Ended December 31, 2023

**Note 1: Summary of Significant Accounting Policies**

Expenditures reported on the schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance), wherein certain types of expenditures are not allowable or are limited to reimbursement.

**Note 2: Basis of Accounting**

The accompanying schedule of expenditures of federal awards includes the federal grant activities of the City of Bryant, Arkansas, and is presented on the accrual basis of accounting. The information in the schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the City.

**Note 3: Federal Indirect Rate**

The City has elected not to use the 10 percent de-minimis indirect cost rate as allowed under the Uniform Guidance.

**Note 4: Program Costs**

The amounts shown as current-year expenses represent only the federal grant portion of the program costs. Entire program costs including the City's portion may be more than shown.

**Note 5: Airport Reimbursement for Bryant Parkway**

During 2023 the Saline County Airport Commission paid the City of Bryant \$637,340, to reimburse for work completed on the Bryant Parkway that overlapped with airport property. This amount was correctly not included in the Federal amount reported above, as it was not Federal grant funding.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM  
GUIDANCE**

To the Mayor and City Council  
City of Bryant, Arkansas

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited City of Bryant, Arkansas' compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of City of Bryant, Arkansas' major federal programs for the year ended December 31, 2023. City of Bryant, Arkansas' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, City of Bryant, Arkansas complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2023

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of City of Bryant, Arkansas and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of City of Bryant, Arkansas' compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to City of Bryant, Arkansas' federal programs.

City of Bryant, Arkansas  
Schedule of Findings and Questioned Costs  
Year Ended December 31, 2023

***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on City of Bryant, Arkansas' compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about City of Bryant, Arkansas' compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding City of Bryant, Arkansas' compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of City of Bryant, Arkansas' internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of City of Bryant, Arkansas' internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

**Report on Internal Control over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Independent Auditor's Report on Compliance  
with Certain State Acts**

Mayor and City Council  
City of Bryant, Arkansas

We have examined management's assertions that the City of Bryant, Arkansas, complied with the requirements of Arkansas Code Annotation § 14-58-101 and the following Arkansas statutes during the year ended December 31, 2023:

1. Arkansas Municipal Accounting Law, § 14-59-101 et seq.,
2. Arkansas District Courts Accounting Law, § 16-10-210 et seq.,
3. Improvement contracts, §§ 22-9-202 – 22-9-204,
4. Budgets, purchases, and payments of claims, etc., § 14-58-201 et seq. and 14-58-301 et seq.,
5. Investment of public funds, § 19-1-501 et seq., and
6. Deposit of public funds, §§ 19-8-101 – 19-8-107.

Management is responsible for the City's compliance with these requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City of Bryant, Arkansas, complied, in all material respects, with the aforementioned requirements for the year ended December 31, 2023.

This report is intended solely for the information and use of management, the board of directors, City officials and the State of Arkansas and is not intended to be and should not be used by anyone other than these specified parties.
