Tuesday, January 24, 2012**

### **City of Bryant Establishes Adopt-A-Street Program**

The City of Bryant is in the process of establishing an Adopt-a-Street program for its community to allow its residents and groups within the community a means to beautify the environment in which they live, work and raise their families. Any group willing to make the commitment will be able to adopt a street. Volunteer groups from civic organizations, social clubs, neighborhood associations, individual families, churches, school groups or businesses are welcome to participate.

Once the Adopt-a-Street program is in place, it will be easy to get involved and demonstrate the pride that residents have in their community. Each group interested will choose a Captain to represent them and once the program is in place, a more detailed guideline will be available to each Captain on how the process will work. The goal of this venture is not only to provide a means of beautification for Bryant streets and public areas, but also to provide a positive and visible means to connect residents, groups and businesses as a community. There will be more details on this exciting venture very soon and the City of Bryant look forward to hearing from its residents and various groups.

For more information please call Angelia Blevins, City of Bryant, at 501-847-1664.
