SPONSORSHIP FORM

This year marks year number three for Que'n In The Park, while the first two years were learning experiences, this year we hope to build on what we have learned the last two years and start to see our hard work pay off. In our first year we had 6 teams enter and compete in our BBQ competition. Last year we saw that number increase as we added two more teams to the field, which meant a total of 8 teams competing in year two. This years goal is not only to have more cooking teams compete but see that number double.

The purpose of Que'n In The Park has always been to provide an avenue for local charities to raise money for their organization. In year one we raised \$1,000 for the Boys and Girls Club of Bryant, last year we also raised close to \$1000 for local charities but rather than one organization getting all the money we split it between Toy Troopers and the ICAN Arts and resource center. This year we look to help **Toy Troopers , The Boys & Girls Club of Bryant and The Drew Melton Scholarship Fund.**

As a business owner we are offering you an opportunity to get your business name out in the public. Won't you consider being a sponsor for Que'n In The Park and come out to the competition, set up a booth space and show off your business. The included form spells out the opportunities you have to help us out this year. Please look over the opportunities and select the area which you feel is most affordable.

Business Name: _____

Address: _____

Phone: _____ **E-mail:** _____

Donation level
