

"Cindy has worked for the City of Bryant since February 14, 2004. She is always willing to step forward and assist in any way possible. Her attention to detail makes processing Fire Department payroll an effortless process. In addition, she ensures that all leave/sick accruals and work up assignments are up to date and reflected correctly. She recently stepped over into the Finance Department to assist in making the finance coordinators position run more efficiently (by filing and creating excel spreadsheets). Her attention to detail is noticed by all and she faces additional tasks, she accepts with a smile and positive attitude."

*~ Shari Knight, HR Director ~*

Cindy truly is an asset to the City of Bryant, Fire Department, and all other city departments that have been able to utilize her experience and knowledge.
