**ITEM TITLE**

Midland Estates Subdivison - Annexation

**MANAGEMENT STAFF REVIEW** (Signature)

**MAYOR** (Signature)

---

**ITEM HISTORY** (Previous Council reviews, action related to this item, and other pertinent history)

Preliminary subdivison plat for this property was approved by the Planning Commission on 6/12/2024. Petition for Annexation filed with county on 5/13/2024. Verified by Order from County Judge on 6/3/2024.

---

**ITEM COMMENTARY** (Background discussion, key points, recommendations, etc.) Please identify any or all impacts this proposed action would have on the City budget, personnel resources, and/or residents.

This is an annexation for a property in the City's Planning Area that abuts the City Limits. The property is being developed as a subdivison and has gone through DRC for Review and to Planning Commission where the Preliminary Plat was Approved. This annexation will be beneficial to the City of Bryant as the property will work to extend our city limits North towards existing Sewer infrastructure and other subdivisons with pre-annexation agreements. Based on the Planning Commission's Approval of Preliminary Plat and the completion of annexation requirements, it is recommended that the annexation be accepted. Our plan is to seek annexation of all of Midland Estates, as our Fire and Police already serve the area and will continue serving there. Annexing this area will allow the City to collect property and sales tax from residents there, which will help the City to recoup funds from the cost of services.

(This section to be completed by the Mayor)

RE: Midland Subdivision

Dear Mr. Young,

We have completed a boundary survey on approximately 50 acres of land located on the west side of Midland Road. Per the most current zoning map accepted by the City of Bryant this property is contiguous with the City limits and no enclaves will be created. The City of Bryant has agreed with the request at Planning Commission and the Preliminary Plat was approved on June 23, 2023.

See boundary survey on second page showing Saline County parcels 370-00111-000, 370-00112-000, 370-00106-000, 370-00105-000, 001-03734-000, 001-03744-000.

Please feel free to contact me with any questions or concerns or if I can be of any further assistance.

Council adopts the budget by category by department by fund so any budget adjustments that cross categories, depts or funds must be brought to Council.

Reason/Justification for the Adjustment: (Attach any supporting documents) -The Finance Director is requesting the adjustments for Admin Office supplies reclass, the Investment Account 007 gains to be transferred to Stormwater, the 182 Bond interest adjustment and the reduction of the 2023 Bond Construction amount to finish out hopefully in 2025 instead. Finance is also requesting the adjustment for the Westpoint issues. This project came out of multiple mayors administrations and although it took place in the Wastewater budget line it was not administrated over by the Public Works Director but rather by multiple mayors.

## City of Bryant Local History

The City of Bryant received its start as a very small township in central Arkansas as European settlers established themselves along Hurricane Creek in the early 19th century. Over the years the city saw times of economic struggle, but as the demand for the area's bauxite grew during the WWII era, development and a steady slow growth began. Since then, the economic landscape of the city has seen many changes, as Bryant evolved from a typical railroad community, into one focused on family, education and quality of life for its residents.

Once a small industrial town, Bryant is now the fastest growing city in Central Arkansas. With a public education system deemed as one of the best in the state, as well as its proximity to the state's capital city of Little Rock, Bryant has more than doubled in population size over the past two decades. A stable and diversified business community, as well as a high demand real-estate market, now makes Bryant a much sought-after community for families and entrepreneurs.

The backbone of Bryant being its competitive spirit, organized youth and adult sports have thrived here. Making quality of life for residents a focus of Bryant's growth plan over the years, the city and school have created joint partnerships to ensure the best use of citizen taxpayer money, with money being invested back into the community. This has allowed both entities to offer a multitude of sports and educational opportunities to local residents.

The creation of Bishop Park, which opened in 2010, created additional opportunities for many local sports organizations to develop and grow, thus creating a robust sports tourism trade for the city. Bryant hosts numerous sporting events for all ages including baseball, softball, swimming, soccer, football, disc golf, pickleball, and tennis.

Community events are also important to those living in Bryant, connecting people new to the city to the many traditions that have been a part of the community for decades. The Bryant Fallfest Celebration, hosted by the local Chamber of Commerce, is entering its 37th year and is well attended by locals and visitors alike. The city has recently recreated the 4th of July celebrations from years ago, and are now planning the fifth annual Pops in the Park event.

However, the largest event for this area is the annual "Salt Bowl" Competition. This competition, normally held in August/September is the most attended high school football game in Arkansas. During this battle for the title of Salt Bowl Champion, Bryant takes on its neighbor to the west, Benton. With a normal attendance of over 30,000 fans, this long-standing rivalry extends out past the football field. The weeks leading up to the game will include competitive food drives between the two cities, including the schools and residents. Local businesses, community sponsors, churches and other organizations also find a way to join in on the friendly community wide rivalry.

Economic development and growth in Bryant have held strong through many market challenges. This is mostly due to the comprehensive business make-up of the city. The Bryant School District along with the city government itself are the city's largest employers. There were 679 business licenses re-issued with another 11 new licenses requested in 2023 (not all store front). Local industry is varied and it is that myriad of retail, healthcare, restaurants, financial services, and other entrepreneurial opportunities that offers stability to the city's economic development. With Bryant's residential growth still climbing, there is still much opportunity for commercial growth in the city.

In 2021 Bryant saw the opening of the Arkansas Heart Hospital's Encore Medical Center. This four-story building is a general acute hospital care facility with a focus on bariatric surgery and peripheral vascular disease. It also features a full-service emergency department, restaurant and medical offices, bringing an additional 200 jobs to the local healthcare industry.

Arkansas' local economies are commonly supported by sales tax. Arkansas has a statewide sales tax of 6.5%. In Bryant, another 3% is collected and used by the city. This sales tax makes up approximately 75% of the general fund income. I hope you enjoyed this brief Local History on the City of Bryant. Please continue reading to see how we plan to use the resources granted to us by the citizens for the calendar year of 2025.

## Statement from the Mayor

Following my election in March 2024, my mentor Scott Staples and I embarked on a city-wide listening tour. We engaged with council members, community leaders, city staff, and anyone willing to share their time and thoughts. One of the key questions we asked was, “What are your expectations of the new Mayor?” We received over 100 diverse responses. After reviewing and reflecting on them, I distilled them into eight core character qualities that encapsulate the spirit of those expectations.

As I considered these qualities, I realized that they aren’t just attributes a mayor should embody; they reflect what our community values. These qualities, if adopted by all of us, will guide Bryant toward a prosperous future and form the foundation for our governance in 2025 and beyond.

### 1. Forward-Thinking and Proactive

Whether you’re new to Bryant or, like me, have deep roots here, you know our city’s remarkable growth is always part of the conversation. I enjoy reminiscing about Bryant’s past, but we must focus on shaping our future. With growth continuing, it’s vital that we honor our history while proactively preparing for what’s ahead.

In 2024, we completed several master plans for parks, water, wastewater, and stormwater management. In 2025, we’ll begin discussing how to implement these plans while also updating our comprehensive growth plan. Additionally, we’ve started long-range financial planning to ensure fiscal responsibility, managing reserves and debt prudently while maintaining the assets we’ve invested in. Together, we can transition from reacting to urgent needs to embracing growth with thoughtful preparation.

The Bryant Historical Society recently revamped our old Fire Station on SW 3rd St to become the new Bryant Historical Society Museum. In Bryant, we know how important our roots are and that’s why we’re excited to continue our annual \$10,000 contract ( in this budget book under Administrative costs) with the Historical Society to preserve our history, while looking forward to the future.

### 2. Transparent and Trustworthy

My goal is to serve the residents of Bryant with integrity every day. To achieve this, clear and consistent communication is essential. While decisions may not always be popular, it’s crucial that we clearly explain the reasoning behind them so residents understand the “why.”

In 2025, we’ll continue sharing updates through the Mayor’s Memorandum and City Council recap videos. With over 19,000 residents currently receiving these communications, my goal is to expand that reach. Keeping residents informed will help build trust between city government and the community. We’ll also continue our “We AR Bryant” social media efforts to highlight the quality of life we all cherish.

As a result of our transparency efforts, we revamped our budget survey this year. Not only is the survey available to fill out online, but we are also partnering with local businesses in Bryant to offer incentives to our residents taking the survey. Local businesses donated items from their stores to create three “Tour of Bryant” gift baskets. All residents who take the survey will be entered to win one of the three baskets. So far, our budget survey has already seen over 200 responses in less than a week.

### 3. Strategic and Collaborative

I’m grateful for the outstanding individuals working across our city—employees, elected officials, and committee members. Unity is central to our mission. While we may not always agree on every issue, we all share a commitment to working together for the betterment of Bryant’s residents.

In 2024, we strengthened our relationships with key stakeholders, including the Bryant Chamber of Commerce, the Bryant School District, and regional partners. Our ties with the County and the City of Benton have never been stronger. This collaborative spirit is already yielding positive results, and in 2025, we’ll continue to foster these partnerships to ensure Bryant’s growth benefits everyone.

As you’ll see in our new DRAFT Reserve Policy on page 23, my administration is dedicated to strategic budgeting. This Reserve Policy allows us to set aside money each year to dedicate to different projects in the city that require larger amounts of funding, such as a PoolPack, equipment replacement, and more. It is a more long term and comprehensive plan than undertaken before.

### 4. Responsive and Resilient

Every day as mayor presents new challenges and opportunities. My team interacts with thousands of residents daily, and our goal is always to provide the highest level of service. While we may not always have immediate solutions, we are committed to being responsive, courteous, and resilient.

Challenges will come, and mistakes may happen, but we are dedicated to learning and improving. Our approach is to turn adversity into opportunity. I invite all residents to partner with us as we work toward a bright future for Bryant.

## City of Bryant Letter of Transmittal

Dear Citizens of Bryant,

The annual construction of a budget for the upcoming year is important to your community on many levels. First it creates a road map and a mission for how your city government will utilize the resources allotted to them through sales tax, franchise fees, utility rates, fines, as well as permits. This roadmap is then set into place to create, and ultimately fulfill, a long-term vision for the city.

Working with Chris Treat as Mayor over the last several months has been excellent. He has lived in Bryant his whole life and worked for the city for the past eight years as Parks Director so he brings a different perspective to being Mayor. He has placed a greater emphasis on not just the short term budget process but long term planning as well. We have conducted several meetings with current council and those running for council in November on the draftreserve and annexation plans shown in this document on pages 23 and 24. The Finance team is excited to look at our old Focus Areas more now as a Strategic Plan. These four areas of emphasis are where we have traditionally focused our budgeting dollars year to year but with Treat's emphasis on the long term we are able to better articulate how these areas can be improved and strengthened year over year as well.

Another large change this year has been the response to our annual Budget Survey. In the past we have attempted to hand these out at Fall Fest and email them out to directors, council and committee members but we have had a very limited response. This year the Mayor's assistant helped finance to develop a QR Code to take this Survey on line on the phone and from 9/18/ to 11/13/ we have received 270 survey's back. The feedback has been great! See a write up of these results and the process on page 12-13.

Mayor Treat also hired a personal consultant for the first six months of his term and that consultant encouraged him to take a listening tour of city employees and citizens. The consultant drafted a report of the findings and directors have been tasked with addressing items discovered through this process.

It is the desire of the council and city employees to continue a proactive stance toward our city's growth and avoid being reactive when possible. To do this takes very deliberate action, which begins with good policy and long-term planning. This planning is then implemented one year at a time. The city currently has long-term plans for some departments like water, wastewater, parks and stormwater but not for all departments. The city is continuing to work towards this goal of a long-term plan for each department and to update old plans. [See plans for Water and Parks as Appendices to this budget year document.](#)

As we work to achieve our vision, many goals are set. One of the most important of these is **public safety**. Keeping our citizens and visitors safe while in our community is imperative to the healthy growth of Bryant.

The administration of public safety for the city is implemented by way of several departments, including Police, Fire, Courts, Public Works and Animal Control. As you read this document, you will find that much of our allotted resources (funding) are consumed by our Public Safety Departments.

From the more obvious safety and community response actions that our police, fire and animal control perform to the behind the scenes work of the public works staff ensuring our local water quality is meeting all standards keeping our community healthy is a main priority. Another high safety priority is stormwater management.

It is no secret that as Bryant has grown, so have its traffic concerns. Traffic congestion is frustrating, bad for businesses, and diminishing to a good quality of life. We devote substantial resources to creating a **well-connected community**, again, part of our long-term planning process. Every year, we work to improve our pedestrian and cycling infrastructure, focusing first on connecting our parks, neighborhoods and schools. Many of these improvements are funded through grants that the city applies for in conjunction with city resources. In 2013, Bryant implemented a complete street policy. This policy ensures that as Bryant grows, new developments that will affect our city sidewalk and road infrastructure share in the cost of that impact. By implementing this policy, the city will have to spend less tax revenue on building infrastructure in these areas and can reallocate that money for other much-needed uses within the city. In the future, we will also have the ability to build a connector to the now under design Southwest Trail Project. This trail will allow us to link Bryant with communities throughout central Arkansas through a safe and protected trail system.

# City of Bryant, AR 2025 Budget Book

Bryant Parkway is complete! The official opening was on September 6, 2024. The construction of Bryant Parkway, the new north-south traffic corridor partially paid for through 2 bonds issuances approved by the voters, will also have a huge positive impact on Bryant. Not only will it relieve the traffic congestion on Reynolds Road allowing alternate routes for school transportation, it also creates additional pedestrian and bicycle access to these schools as well as neighborhoods and parks and opens up locations for future sales tax generating businesses.

During 2024 one of the Finance Coordinators applied for the Purchasing Manager position. The Finance Department is currently exploring ways to utilize the synergy from the conversion to take on some aspects of centralized purchasing for the city without adding any full time head count. Also during 2024 two employees second in command, Keith Cox and Brandon Futch were promoted to Directors. Also in 2024 Ted Taylor formerly the City Engineer returned to the City's employment but this time as the Planning Director. This shows the city's succession planning is effective. These are examples of **smart growth**. Smart Growth is one of our four focus areas as well. Finally, the last significant focus area to be mentioned here is the **health and quality of life** for the citizens and visitors to Bryant. All departments contribute to this goal in one way or another, but the department whole sole focus of this goal is Bryant Parks and Recreation.

As Bryant has grown, it has struggled to balance its growth with the desires of those living in our community. There is no doubt that the parks and recreation department has felt this struggle the most. Often, when budget time rolled around Parks was looked upon as a want versus a need. It has received cutbacks in areas that did not allow the employees of that department to deliver the level of services desired by citizens and visitors. **This budget season for 2025 is no different in this respect. However it is different in that the former Director of Parks became the Mayor in March of 2024 and he has worked closely with the Parks Department to help them secure funding. One of the changes that should help Parks is the Drafting of a Reserve plan that will hopefully reward the Dept Directors for good planning of their future capital needs.**

Personnel costs make up the largest percentage category for the general fund each year. Therefore, it makes sense that each year a lot of discussion during budget time is devoted to personnel items. Each year the Council reviews the JESAP study (not ready at the 3rd DRAFT Nov 19th) and its recommendations along with the budget. A section of this document explores this study's recommendations in detail along with a five-year comparison of personnel numbers for the city as a whole. Endeavors to close the gap between surrounding areas payroll have been positive. In this draft is an individual merit increase of up to a max of 3% and a COLA (cost of living adjustment) of 2%. We are hoping these will help to bridge that difference in **2025**.

With growth comes opportunities, change, and challenges. Council and city **employees look forward to 2025** and the continued service to you and this community. We are committed to ensuring at all times we are finding creative ways to make the most of the resources you have entrusted to us. We hope you find the following pages breaking down the budget process, department accomplishments, goals, performance measures and accompanying resources to your satisfaction, and that we are being the best stewards possible with the revenues we receive to operate the City of Bryant.

Sincerely, Joy Black

City of Bryant, Finance Director

## Adding Transparency to the Budget Process

For the 2025 budget season, the Finance Department decided to take a new approach to the annual budget survey. The goal to receive better engagement from the citizens regarding the budget. In the 3 prior years, the Finance Department received feedback through the survey from City Council and the various committees but only one response from a citizen that was not on council or a committee. The Finance Department teamed up with the Mayor's office to update the annual budget survey. Instead of handing out a paper copy of the survey at the Bryant Fall Fest, an electronic survey was created. By using an electronic format, the annual budget survey was created to not only engage with the citizens of Bryant, but also visitors and businesses. The results were great. As of 11/13/24 we have had responses from over 270 individuals. See one of the email messages about the survey below as well.

**Your city budget is not just an accounting document. It is a management and planning tool for your community.**

**Because the City is limited by the amount of resources available, the Budget helps your city staff and officials in determining what projects or objectives have the HIGHEST priority and will produce the greatest positive impact on our city.**

**City budgets are generally composed of an operating budget, showing expenditures, and a capital budget, which shows the financial plans for long-term capital improvements, facilities, and equipment.**

**In the City of Bryant, there are 3 Major Funds that are highlighted during the budget process.**

**General Fund** which is supported by local sales tax and revenues generated by city processes. This fund is responsible for many of the items Bryant residents consider a quality of life benefit.

**Street Fund:** This fund is set by Arkansas state law to account for money to be spent on roads. This money can NOT be used for any projects not pertaining to Streets.

**Water/Wastewater:** This fund is made up of several different revenue streams and is used to account for items related to Wastewater (sewer) activities for the residents of Bryant. These revenues are created by your utility bill charges and must pay not only for the daily upkeep of our water and wastewater system but also in the upgrades and repairs needed for aging infrastructure and needs placed on it by the rapid growth the city of Bryant.

## Process, Timeline and Basis for Budgeting

The City of Bryant typically begins constructing the budget for the following year in August/September of the previous year. The Finance Director and Mayor meet with the Department Heads and make a listing of any anticipated notable large changes from one year to the next. The Finance Director opens up a draft in the city software and asks Department Heads to go in and input their budgets. Then the Finance Director pulls all of that detail out and puts it into a draft booklet for the Mayor and Department Heads to review. The Mayor and Department Heads make any adjustments and a draft is then presented to Council for adoption, typically at the last Council meeting of the year.

While the audited financial Statements of the City are prepared using an accrual method the budget is prepared using the modified accrual method. The main difference between these two methods for the city of Bryant is the depiction of capital assets. For budgetary purposes capital assets are shown as expenses that are approved by Council. These are shown as the 58XX series of accounts. However, in the audited financial Statements these, including where applicable debt principal and interest payments, are converted via adjustments to the balance sheet.

Prior to the 2018 Adopted Budget, the budget was adopted by line item which was very cumbersome. In 2018 Council adopted the budget by expense category in the major funds, keeping the limited number of Revenue lines still by line item. This was much easier and efficient to administer the work of the City. Now the Revenues are adopted by category as well. **With this in mind this 2025 budget will be prepared and presented to Council for approval in that same fashion. This means that the budget can be amended along the same categories/lines that it was adopted for expenses/revenues. Adjustments between categories or between depts or funds requires bringing the adjustment back to be approved by City Council. Within the category with in the same department small adjustments can be made with the approval of the Finance Director and the Department Head.**

Certain departments meet more than one of these goals and are listed as such. This format provides a clear framework around which Department Heads and Departments as a whole can organize their time and resources.

The City will seek to maintain and, if possible, improve its current bond rating in order to minimize borrowing costs and preserve access to credit. The City will encourage and maintain good relations with financial bond rating agencies and will follow a policy of full and open disclosure.

Every future bond issue proposal will be accompanied by an analysis showing how the new issue combined with current debt impacts the City's debt capacity and conformance with City debt policies.

Financing shall not exceed the useful life of the asset being acquired.

The City will not use long-term debt to finance current operations.

The general policy of the City is to fund capital projects (infrastructure) with new, dedicated streams of revenue or voter approved debt. Nonvoter approved debt may be utilized when a dedicated revenue source other than general revenue can be identified to pay debt service expenses.

Interest earnings on bond proceeds will be limited to: 1) funding the improvements specified in the authorizing bond ordinance; or 2) payment of debt service on the bonds.

Utility rates will be set to ensure debt service coverage exceeds the bond indenture requirement of 110%.

The City shall comply with the Internal Revenue Code Section 148 - Arbitrage Regulation for all tax-exempt debt issued.

Proceeds from debt will be used in accordance with the purpose of the debt issue. Funds remaining after the project is completed will be used in accordance with the provisions stated in the bond ordinance that authorized the issuance of the debt.

## **CAPITAL MANAGEMENT CITY POLICIES**

A Capital Improvement Plan will be updated annually, including anticipated funding sources. Capital improvement projects are defined as infrastructure or equipment purchases or construction that results in a capitalized asset costing more than \$5,000 and having a useful life (depreciable life) of two (2) years or more, per Resolution 2021-03.

Proposed capital projects will be reviewed by a cross-departmental team for accurate costing (design, capital, and operating), congruence with City objectives and prioritized by a set of deterministic criteria. Financing sources will be sought for the highest-ranking projects.

Capital improvement operating budget impacts will be coordinated with the development of the annual operating budget. Future operating, maintenance, and replacements costs will be considered.

In 2024 Mayor Chris Treat began work on a Reserve Plan. Here is a draft below at 11/13/24, keep in mind this will be for the five major funds of General, Water, Wastewater, Street, and Stormwater

## DRAFT RESERVE PLAN

Adequate reserve levels are a necessary component of the City's overall financial management strategy and a key factor in external agencies' measurement of the City's financial strength. Maintenance of fund reserves for each major fund (determined by Administration to be General, Street, Stormwater, Water and Wastewater funds) assures adequate resources for cash flow and to mitigate short-term effects of revenue shortages. Reserve funds are necessary to enable the City to deal with unforeseen emergencies or changes in condition.

### General Policy

The City shall maintain reserves required by law, ordinance and/or bond covenants. All expenditures drawn from reserve accounts shall require prior Council approval unless previously authorized by the City Council for expenditure within the City's annual budget. Any expenditures will comply with our purchasing policy. If reserves and/or fund balances fall below required levels as set by this policy, the City shall include within its annual budget a plan to restore reserves and/or fund balance to the required levels. All reserves will be presented in the City's annual budget.

### B. Contingency Reserve

The City will maintain a Contingency Fund and shall maintain a reserve equal to \$1,000,000 to provide a financial reserve to cover revenue shortfalls resulting from unexpected economic changes or recessionary periods or to provide funds in the event of major unplanned expenditures the City could face as a result of natural disasters. City Wide total this would be \$5,000,000. \$1,000,000 for each major fund.

### C. Operating Reserve

The City will maintain an operating reserve to provide for adequate cash flow, budget contingencies, and insurance reserves. The operating reserve will be determined as follows: 1. Cash Flow Reserve: The City will maintain a cash flow reserve in an amount a minimum of 90 days of budgeted payroll expenditures by major fund. The City will review this annually during budget preparations.

### D. Capital Reserve

The City will maintain a sufficiently funded capital reserve based on the capital depreciation schedule by major fund. The required level of reserve will equal each year's depreciation schedule.

### E. Grant Reserve

The City will maintain at least \$250,000 in reserves for grants applications to cover the city's portion of matching grants for a total of \$1.25 million city wide. This bucket may not be spread equally among the five major funds.

### F. Debt Reserve

The City will maintain at a minimum one annual payment of principal related to each debt issuance both short term (less than 5 years) and long term.

### Excess Reserve

The City will use excess above the targeted reserve levels for:  
new expenditures, with emphasis on one-time uses that achieve future operation cost reductions  
capital asset investments with a long term benefit of prepaying existing debt  
employee bonuses, retirement benefits  
interest earning investments allowed by state law

In 2024 Mayor Chris Treat began work on several new plans, see a DRAFT of the proposed Annexation Plan on 11/13/24 below.

## A Proactive Approach to Annexation Benefiting the City of Bryant

The City of Bryant has long been, and will continue to be, a desirable place to live. However, as developable land within city limits becomes increasingly scarce, new development has been pushed beyond these boundaries. This expansion has led to the creation of several neighborhoods within the Bryant School District but outside the city limits. Over the years, this has resulted in a situation where the City provides essential services to these areas without receiving the corresponding sales tax or property tax revenue needed to fund those services. It's clear that the City is currently missing out on revenue that would significantly offset the costs of the services we are already providing to these neighborhoods.

To address this issue, we intend to implement a proactive annexation plan designed to gradually reverse this trend. Our goal is to annex both existing and future developments that impact city costs, ensuring that the City recoups the expenses associated with these developments.

Our plan will focus on three key areas:

1. **Established Neighborhoods**: acknowledging areas that are already developed and receiving city services but not paying property or sales tax to the City of Bryant.
2. **Neighborhoods in Early Development Stages**: Identifying and annexing neighborhoods that are still in the initial phases of development. Allowing the city to benefit from the substantial sales tax on construction material and provide more quality control requiring these developments to pass city inspection.
3. **Undeveloped Land Likely to be Developed Soon**: Proactively annexing land that is expected to be developed in the near future. Allowing for better comprehensive and streamlined planning for smart growth.

This strategic approach will help ensure that the City of Bryant can continue to thrive while maintaining the quality of services our residents expect and deserve.

The City of Bryant is committed to communicating with the residents about this annexation plan every step of the way.

(1) Currently there exists over 1200 homes that lie within the Northern Extraterritorial Jurisdiction but outside the City Limits with another 4000 future homes possible. Extraterritorial jurisdiction (ETJ) refers to a designated area one mile outside of a city's incorporated boundaries where the city has limited regulatory authority. It's a buffer zone that allows a city to extend its influence beyond its corporate limits for future growth and development. Anticipated property tax for 1200 homes is estimated to be \$160 per home for a total annual revenue of \$192,000. 5000 homes would be \$800,000. American households spend on average approximately \$9500 annual on online purchases. At a 3% sales tax rate, 1200 homes would generate \$342,000 sales tax annually, whereas 5000 homes would generate \$1,425,000 annually. New construction sales tax on materials for homes is estimated at \$5,500 per home.

(2) Public safety operates a mutual and automatic aid agreement with the County in the ETJ. Parks are also used heavily by county residents closest to the city limits. The city department that does not currently service these areas in any way is the Street Department - taking on these additional streets will provide issues for the street fund.

A sample of how these items might affect a four person family leaving in a \$200,000 house is shown below:

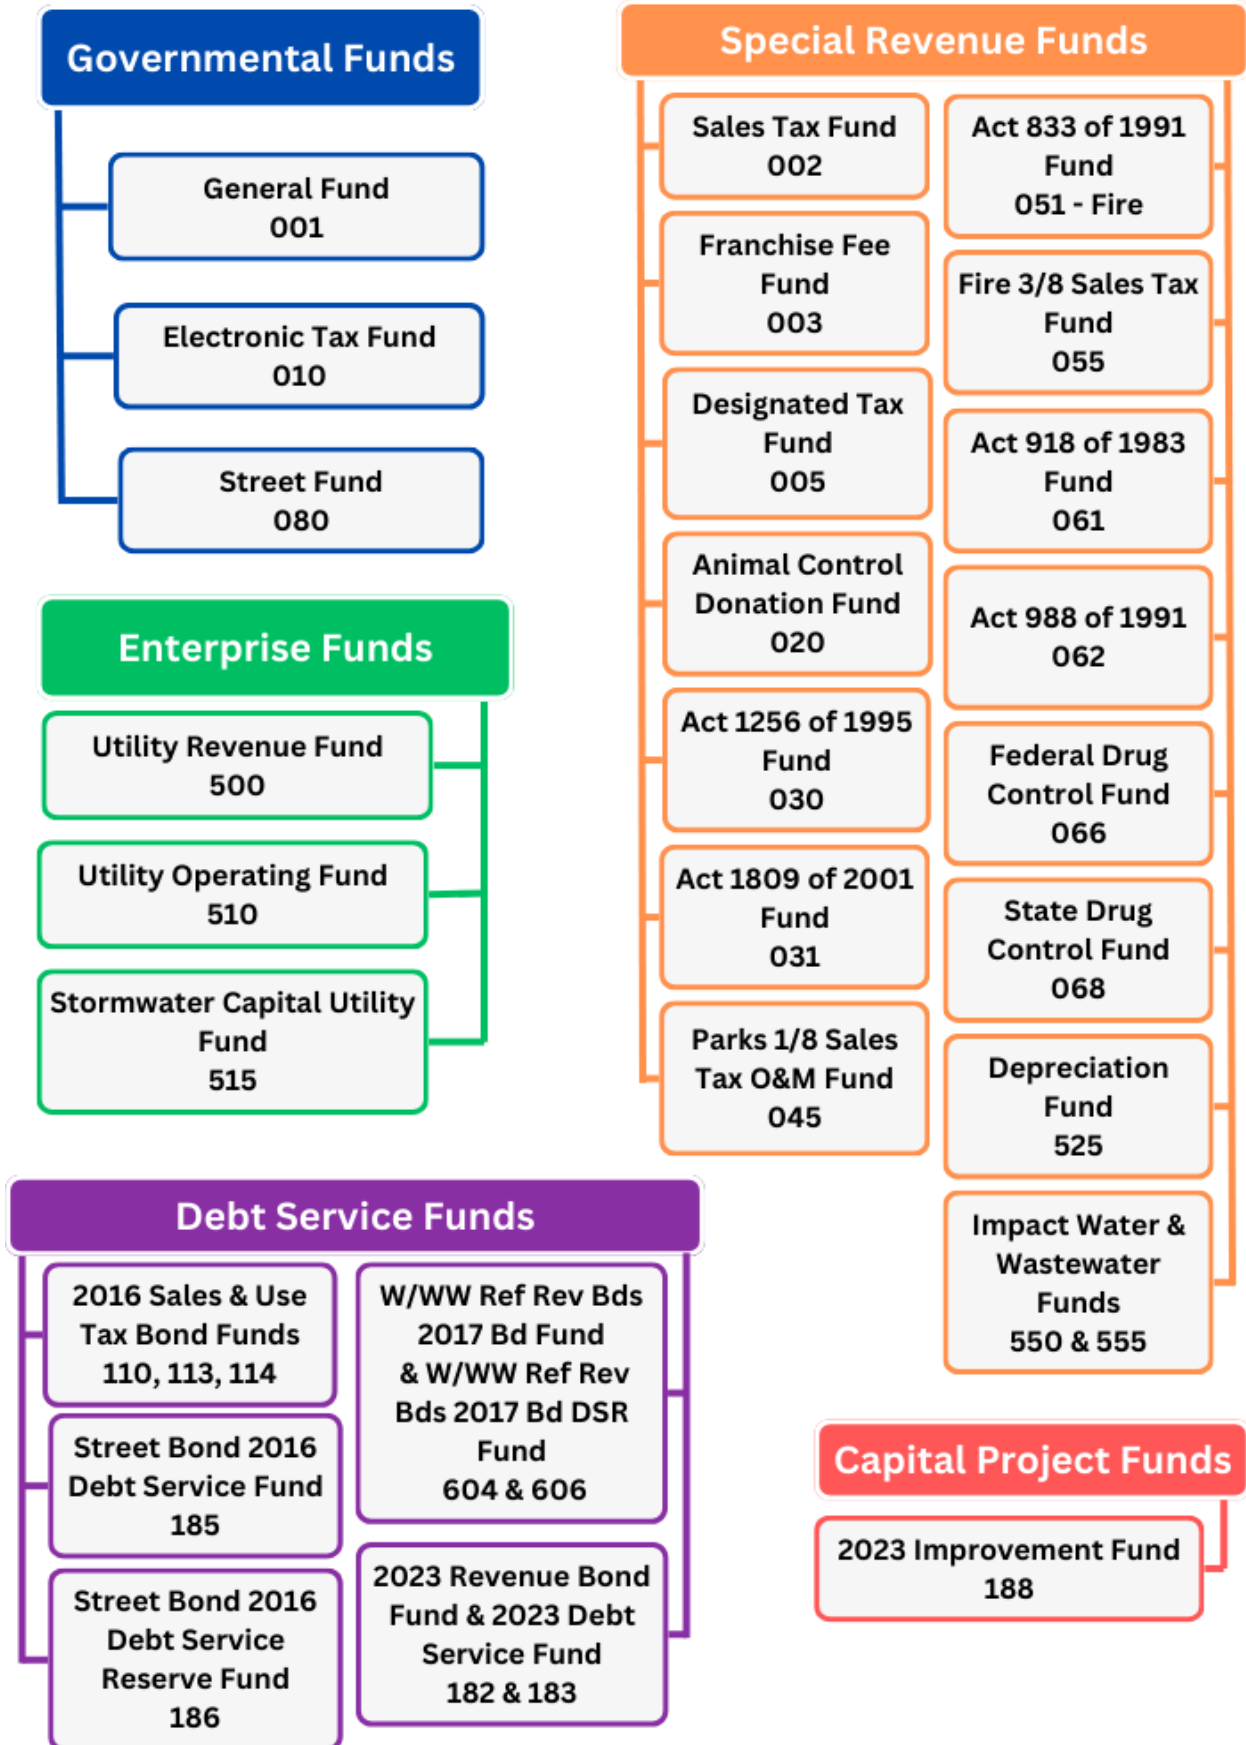

3% increase to on line sales	\$285	
Reduction to Sewer bill	(\$360)	
Millage increase	\$160	
Reduction in Home Insurance	-100	(on avg. homeowners save \$200-\$300 with Class 1 ISO rating vs. a class 2 )

Plans for Fund Balances for the three major funds (General, Street, and Water/Wastewater) are shown above and on the Focus Area page 15. The City completed several projects in 2024. However, a few projects for both Street and Water/Wastewater were carried over via Purchase Order Encumbrances so separately adopted by Council and not in this budget. Any planned dipping into Fund Balances is the result of Capital Plans. Street adopted capital plans for \$250,017 in this budget and Water/Wastewater adopted plans for \$2,645,016 (plus \$1,267,000 of depreciation expense as well). Note further that some one time capital projects will be requested out of General Fund savings in January of 2025 after this initial budget was adopted. Council wisely waited to see how the year ended before approving these projects. Council and the Administration has followed this process for the past several years.

## HR, Personnel and JESAP Overview

GFOA recommends long-range operating financial plans to help cities identify trends and potential impacts. The following General Fund Forecast and City Wide Revenue Review pages attempt to address this recommendation. The next page is a forecast of the General Fund through 2030 based off a look back to 2022. The city took the historical averages of increases over the last three years and used these to forecast out the next five years. The outcome is what was expected - ie. the city 's expenses are outpacing its revenues. For the past several years the Finance Department has been advising the Mayor and Council that revenue sources need to be diversified and increased. With the new Mayor entering office in March of 2024 he began to work on this issue and has encouraged the Finance department to include the next page after the forecast. This page is a review of the revenues sources and amounts over the past decade and a list of the possible other areas/ ways to increase revenues over the next three to five years.

You can see from the charts above and below what a large percentage Sales Taxes make up of the overall total Revenues for the General Fund.

**Sales Tax** - As is common across Arkansas for cities - Bryant is heavily dependent on sales tax for the majority of its general and street fund revenues. Property values and corresponding millage rates are much lower in the state than across the rest of the nation. This poses some issues. One notable issue in having this lack of diversification in our revenues streams is the uncertainty of sales tax. Sales tax varies with the local and national economies and is hard to predict a year out. While the current city administration has no plans to raise the overall sales tax level in the city it does propose the concept of changing the allocation of the current percentages. Right now 1% is undesignated and 3/8 of another of the 1%'s is designated to Fire while there is not similar amount designated to the Police Dept. This current administration would like to explore the possibility of asking the citizens through a vote to change the designation percentages to more closely align with their priorities ie. reducing the undesignated 1% and increasing the allocation specific to the Police Department. See the Focus Areas on page 15.

The second highest revenue source for the general fund is fees. Each year for the past several years we have included an appendix in this document of these fees. This year this is on pages 93-95 of this document. Including this as an appendix assists the department heads in an annual review of these fees. The city is constantly reviewing surrounding city's fee rates and making sure ours are in line with those fees and also where possible adequately cover associated costs.

**Millage** - As early as the summer of 2025 management hopes that Council will consider adding a mil dedicated to Fire and Police Pension. This in the conjunction with the changes proposed around the sales tax allocation would help to dedicate funds to Public Safety as the citizens have indicated is their primary concern. The state allows cities to dedicate 1 mil to Fire and Police Pensions without it going to a vote of the people. This potential \$xxx,xxx would in no way cover the approximate \$1.2 million in pension costs but as an increase to revenue the difference could be put to much needed facility maintenance.

**State Turnback amounts** are received monthly from the state with the rates derived from population counts. Increasing the population through Annexation is one avenue for increasing the state turnback amounts.

**Stormwater Rates** - Perhaps the most pressing revenue area of change is in the area of Stormwater Repairs and Maintenance, an Enterprise Fund item so not listed above. As of 9/20/24 the city is close to completion of a Stormwater Feasibility Study. Once this study comes back it is believed it will show that our current static Stormwater rates of \$3.00 for residential property and \$6.00 per commercial property are woefully inadequate to handle the city's stormwater needs and that similarly to other cities across the US the fee needs to be based on permeable surface area. If this change is made it will help the city long term to fund the needed stormwater maintenance, education and improvements. These items in the past have been handled by a combination of fees, grants, and the ARPA funds. The city needs a viable long term solution for these needs.

**Annexation** - Shortly into his first term Mayor Treat set up meetings with several Committee and Council Members to discuss an official public City Annexation Policy. Since Bryant is bordered on the west by the city of Benton and the east in part by the city of Alexander growth or extension of the city limits is expected to come from the north and south, mostly from the north as the city of Bauxite is close to the southern border. In conjunction with our Economic Forecast on page 32 of this document we are looking for areas to increase revenues in the future. While traditionally annexation is a loss over the first several years the money to be made is in two clear areas at initial development from delivery of building supplies to developing neighborhoods and then after several years in the form of larger population amounts in the census which will translate into higher State Turnback amounts. See this new policy draft at page 24 but note that the big picture is to grow the City Borders to where possible emulate the Bryant School District borders - many of these families already feel a sense of allegiance to Bryant and in some cases believe themselves to already be in the city limits. Through reciprocal agreements we serve these families with fire and police and these individuals use our parks, senior center, and youth programs. We need to achieve the revenues to match these already existing expenses.

**Advertising and Promotion Tax** - The City of Bryant had an A&P Tax in 2018 through 2019 but it was disbanded. Which this administration and the finance department feel was a significant step away from diversification of revenue sources. The revenues collected during that time helped to maintain the city parks and promote community activities for the next two years. Bryant is surrounded by cities that have A&P taxes. In the state of Arkansas these funds can only legally be used to fund two things - Parks and City Advertising. They are additional taxes/rates (up to 4%) on prepared food and hotels. This administration plans to pursue this revenue source again at the Special Election in May of 2027. The hope is to continue educating the citizens on how these funds can help them and improve their city services while much of the revenues come from visitors along the 130 corridor.

**Impact Fees** - review to be completed in 2025 - Impact fees are fees on new development tied to increased services that are a result of those increases to development. These types of fees could in theory help fund Fire, Police, Animal Control ... in 2024 the City started exploring this potential area of funding and hopes to have information to share with Council and the citizens in 2025.

**Other and Grants** (see pages 53-55) - in the past several years the city has been fortunate to received \$7million in grants from Metroplan for completing the Parkway and \$4.3 million in ARPA money that it has used for Water, Wastewater and Stormwater Projects but after these items are closed out it will become even more imperative that the city find ways to diversify and increase its revenue streams to keep up with service level expectations from citizens.

The use of Long Term Debt or Bonds is an essential item to many municipalities to allow them to fund larger more costly projects. Similar to individual financing a car, bonding allows city's to spread the expense of an item over the life of the item. In many cases city's assets like roads and water plants have thirty plus year life spans.

The Enterprise Debt Issuances are Revenue Bond Debt. Prior to issuing enterprise fund bonds, an analysis of current revenues and expenses is conducted to determine the revenues required to support a bond issue.

Only the City's limited Amendment 78 Financing counts as General Obligation Debt limited by State Statute to 20% of the assessed value of the property located

The City's two Governmental Debt Issuances are Special Obligation Debt which is limited by the maximum amount of the special source (such as Sales tax or Franchise Fee) can generate within terms of bond covenants.

## HR, Personnel and JESAP Overview

The City of Bryant uses the Job Evaluation and Salary Administration Program known as JESAP to evaluate its overall Personnel costs. This system is provided by an independent vendor named JER HR Group. During 2024 the individual the city and AML had worked with for more than ten years retired and sold the company to a national company called Trainery. The system had previously compared the City of Bryant with 12 of these data sources. For the last seven years with the budget process the most currently available JESAP study has been reviewed and accepted by Council as well. This year for the 2025 Budget Book we will be continuing to use the 2024 study because despite significant efforts by the Finance and Human Resource Directors and AML the city has not been able to receive any useful information regarding the 2025 annual market study. The 2024 study had the city of Bryant 2.77% below the 12 comparable cities/data sources. In an attempt to remain competitive this budget includes a 2% COLA and up to a 3% possible merit based on evaluations. The hope is that these items will allow the city of Bryant to remain competitive while we explore long term solutions to our market study needs.

## Governmental Funds

The City has two major Governmental Funds - the General Fund and the Street Fund. The General Fund includes the Sales Tax Fund 002, the Franchise Fee Tax Fund 003, and the Electronic Tax Fund 010 when it is shown in the audited financial statements. However, so that the individual budgeted lines can be viewed by Council those funds are broken out in this budget book and shown under the Non Major Governmental Funds section. General Fund includes Administration Department, Office of Technology (IT), Community Development, Animal Control, Courts, Parks and Recreation Department, Fire Department, and the Police Department. Administration includes the Mayor, City Clerk, Office of Technology, Human Resources, and Finance whose department code is 0100 and the IT with department code 0110. Community Development's department code is 0120. Animal Control is department 0200. The Court system is shown in department 0300. However, note that the Judge is elected and half of the Courts costs are borne by the city and half by the county.

Parks and Recreation is shown by park in the following departments 0400 for Parks General, 0410 for Mills Park, 0420 for Midland Park, 0430 for Bishop Park and Center, 0440 for Alcoa Park and 0450 for Ashley Park. The city has a few more small parks but the expenses associated with these are shown under Parks General 0400. The Fire Department is in the General fund under 0500 and the reciprocal agreement the City has with Springhill Fire District is shown under department 0510. **The Police Department is shown under Departments 0600 for General Patrol and Administration of PD, 0610 for the department that shows the costs and revenues associated with Dispatch and 911 calls, 0620 for the department that shows the costs and revenues associated with the School Resource Officer Program that is has its costs split between the City of Bryant and the Bryant School District, and the K9 unit costs are shown under department 0630.** The General Fund accounts for all the City's financial resources of the general government except those required to be accounted for in another fund.

The Street Fund is 080 and is a special revenue fund used to account for all activities associated with maintaining and constructing streets. Arkansas statutes that provide funding for street and drainage projects require that these activities be accounted for separately. The Street Fund is financed by state turnback funds and a portion of a state wide 1/2 cent sales tax and 30% of the 1% Designated Tax.

While Street is a Governmental Fund it is managed under the Public Works Director with all the Enterprise Funds.

Other Governmental Funds are shown together and listed in this document as Non Major. These Non Major Funds include some Special Revenue, Debt and a Construction Fund.

# City of Bryant, AR 2025 Budget Book

This past year saw us bring about a huge win for the animals of Bryant! New partnerships started to take shape with Bryant Animal Control joining the Central Arkansas Rescue Transport Coalition (CART) as a hosting agency. This means that CART helps out with expenses for transport, and secures partnerships with out of state organizations and we provide the actual transportation. Together, we are able to save more lives across multiple agencies and jurisdictions in Arkansas. As a result, we were able to transfer nearly 200 (190) animals to shelter and rescue partners in 2024, which is nearly twice the number of animals we transferred in 2023 (115.) This, coupled with Fee Free Fridays and other adoption and reunification efforts have improved our life-saving abilities without sacrificing services.

Our current save rate for cats (as of August 2024) is 95%; for dogs, it is 76%; and for other companion animals & livestock it is 100%. The oldest pet that we saved this year was 19 years of age, and the youngest was less than 24 hours old.

Additionally, our volunteer program has restarted with a current roster of 68 individuals who do everything from in-shelter volunteering to social media shelter advocacy to fostering shelter pets in their homes.

2024 has been an incredible year for animals in Bryant, and we aren't done yet!

In Arkansas, district courts were formerly known as municipal courts before the passage of Amendment 80 to the Arkansas Constitution in 2000. Act 3 and Act 627 of 2009 created 25 pilot district judgeships in the state, two of which are in Saline County. The Saline County District Courts exercise countywide jurisdiction over misdemeanor criminal cases, preliminary felony cases, and in certain types of civil cases in matters of less than \$25,000. There are no jury trials in district court. In a district court trial, the judge makes both findings of fact and rulings of law.

A small claims division of the Saline County District Court is administered by the Bryant Department and presided over by Judge Casady of the Bryant Department. This small claims division provides the citizens of Saline County a forum in which citizens may represent themselves to resolve minor civil matters. No attorneys may take part in litigation in the small claims division.

## CAMPBELL LACROSSE FIELD AT ALCOA 40 PARK

Salt County Lacrosse was founded in 2023 and has quickly made a major impact on our community. They currently field girls and boys high school lacrosse teams and will expand to a youth division in 2025. Since its inception and in thanks to their sponsors, Salt County Lacrosse has invested over \$30,000 to upgrades of the multi-purpose field at Alcoa 40 Park. On May 24, 2024, Mayor Chris Treat dedicated that field to be further known as the Campbell Lacrosse Field, named after title sponsor Campbell Dodge, making it the first dedicated lacrosse field in the state of Arkansas. On top of their monetary investment, Salt County Lacrosse has also logged hundreds of volunteer hours helping to maintain the field, the park and surrounding areas. Bryant Parks and Recreation is forever grateful to have community champions like Salt County Lacrosse; it is their passion and commitment that allows us to overcome barriers and provide new services to the youth of Bryant and surrounding communities.

Curently (9/18/24) Street's management would like to replace the following nine capital assets. However, the Street's savings have dropped below recommended levels so we do not feel like the city should buy these pieces of equipment outright. They could finance them over five years in two batches. The four highlighted items (\$1,002,000) are the most important to the daily operations and we'd like to explore financing their purchase in 2025. The other six (\$990,000) we'd consider starting to finance over five years in 2026. Street's at this time could only afford to do this plan if changes are made by Council to the current structure of the Stormwater costs/operations in conjunction with Council's review of the Stormwater Feasibility Study.

## Enterprise Funds

The City has a major Enterprise Fund called the Utility Revenue Fund shown as number 500. This fund started out housing the collections of the water payments on the utility bills; however, wastewater funds are collected through this fund as well. Any Enterprise Fund revenues are collected through this fund and then distributed out to their separate funds via transfers. This began changing with a General Ledger Software Conversion in 2022. Going into 2023 it is planned for all of Water's revenues and expenses to be housed in Fund 500 and all of Wastewater's related revenues and expenses to be housed in Fund 510.

The water expenses are derived from the treatment and distribution of water to approximately 9000 customers. The Water department received its water from the Central Arkansas Water Authority in Little Rock, Arkansas. The expense to pay for the water is listed under the supplies category.

In 2016 the City added a new enterprise fund 515 for Stormwater capital costs. The city collects on the Utility bills \$3.00 from all residential customers and \$6.00 from all commercial customers to help fund capital projects associated with stormwater issues. Because many Stormwater issues are related and in Streets the Stormwater Personnel and related operating costs continue to be paid out of the Street Fund, see those related pages in this Budget Book for a complete picture of Stormwater issues.

The Water and Wastewater Divisions had Twenty Year Master Plans completed by Crist Engineering in 2008. New master plans are scheduled to be completed in 2024. The Public Works and Finance Directors have been reviewing these documents for possible inclusion into this document as Appendices. We would like to have all the future plan documents in one place for easy reference. However, first we want to review these documents to see how our current 2024 outlook lines up with the estimates and projections and completion schedules within these documents.

Over the past couple of years our Public Works Department has been striving to move from using all contractors to doing some work "in house." The City has attempted to hire additional employees to do this work. See below a list of "in house" projects planned for the 2024 year.

# City of Bryant, AR 2025 Budget Book

## Appendix 2 - Salaries, Wages, Benefits Allocation Review

It is a very common practice for shared cost centers in Administration or a general fund of a city to be allocated out to other funds. In the case of the City of Bryant services provided by the departments outlined below - Finance, HR, Attorney, Mayor, City Clerk, Information Technology, and the Engineer (serving as Planning Director) - are provided to the other departments but the costs associated with their payroll are housed in Administration (not the Engineer). To more accurately reflect these costs where they are utilized the Salaries, Wages, and Benefits Calculation is performed each budget season and an agreed upon amount is charged back to the other departments to reflect these costs/usages.

### SWB Allocation Review (Salaries, Wages, and Benefits of Admin Staff)

In September of 2024 Department Heads from the seven depts shown below across the top of the chart from Admin were asked to divide 100% of their time amongst all the depts.

In 2024 it was determined that no change would be made to the SWB allocation amounts above for the 2025 Budget, 9/6/24 1,450,788.53 currently being evaluated again. Since the change would only be a savings to PW of \$1641 (\$156392-\$154751) for Water, Wastewater and Street the PW Director passed on the adjustment for 2025 and the amount will remain the same as those used for 2024, 10/16/24.

## City of Bryant, AR 2025 Budget Book

The City of Bryant started applying for the GFOA Budget Book Award in 2017. The City first received the Award for their 2018 Budget Book. Planning and long term goal setting have always taken place within the city but with the submission of the budget book these processes have begun to be more fully documented by the present City Finance Department.

The 2016 \$26 million dollar Bond issuance was under taken in part to fund two Fire Stations and several parks projects that had been planned for some time and in part were discussed in conjunction with a 2020 plan.

It was planned in both 2020 and 2021 to hold several joint meetings to begin to solidify a 2040 Plan between the City Chamber and the City's offices; however, because of COVID these meetings have been put on indefinite hold. On the City's side to start an informal process of listing items considered for General Fund for the next 20 years the Department heads were polled. Some of the items listed came from the feedback received from Department heads. We have been included this listing in the Budget Books for 2020, 2021, 2022, 2023, 2024 and now 2025.

The State of Arkansas mandates that General Funds be budgeted balanced each year excluding capital projects. In order for this to be clearly and transparently accomplished each year the Council has chosen to adopt the regular budget in December and then come back and adopt any capital for General Fund in January or in

This appendix for these funds is not intended to provide for precise budgeting. The costs are estimates. Annually in the Budgeting process updates to the plan, deletions, additions, delays or other revisions may occur which will reflect changing community needs and resources. Only after incorporation in successive budgets or as approved separately by the City Council will these items be considered funded.

Some of the items contained here in this appendix will require on going operational costs and in some cases produce operational savings. However, given the speculative nature of these items these operational additional costs or savings have not been estimated at this time.

Some of the items discussed for the 2040 plan may require additional review or approval by the various city committees/commission including but not limited to Water/Wastewater, Parks, Community Development and Review, Planning Commission and also review or discussion or reciprocal agreements with the County or State. Additionally some may require public hearings.

Four of the largest capital projects on the horizon in the next decade are a New or Significantly Improved City Hall, a new Fire Station up North, a new Police Headquarters, and a New Animal Control Facility. It is likely the three of these items together will total over \$10 million and will necessitate the issuance of Bonds to pay for them. Starting December 1, 2026 is the first time the Sales and Use Bond from 2016 can be called and/or considered for refinancing. It is possible we could go to a vote of the people at that time for refinancing this debt and pull out money and extend the Sales Tax to pay for these large improvements. This is something Council should be considering at this time.

The paragraph above has been in the Budget Books for 2022 to 2025; however in September of 2024 Mayor Treat discussed a new possibility with City Council and Bond Counsel. The advanced refunding of the 2016 Debt to build an outdoor entertainment venue. Currently at 10.30.24 this is being explored as a possibility. It is believed with a Special Election vote on May 13th of 2025 that the debt could be extended without increasing the sales tax on the citizens. Extending the debt out would allow for an additional approximate \$25 million to be used for the Entertainment venue. It is also possible that the increased sales tax such a venue would produce could be used to fund some if not all of the above projects - perhaps instead of new facilities we could repair and improve our current facilities.

Grader comments in past years have asked for a review of facility operational costs. For the 2023 Budget Book after adoption, we put this chart together. We gained a lot from that review so we have kept in for the 2024 and 2025 budget books. As is typical you do not want to overbudget for your Utilities and other facility maintenance costs but you also do not want to drastically underfund these areas either. Reviewing this helps the City at large to budget for these areas more efficiently. We have shaded those areas that are over or under by more than \$5K.

**ACTION PROPOSED** (Motion for Consideration)

Motion to approve entering into a contract with the County for 2024-2025 Detention Center Operational Cost Sharing.

**SALINE COUNTY DETENTION CENTER**  
**OPERATIONAL COST SHARING AGREEMENT**

**THIS SALINE COUNTY DETENTION CENTER OPERATIONAL COST**

**AGREEMENT** (hereinafter “Operational Cost Sharing Agreement”) made and entered into this \_\_\_\_\_ day of \_\_\_\_\_, 2024 by and between the Arkansas City of Bryant, Arkansas (“Bryant” or “the City”) and Saline County, Arkansas (“the County”) (hereinafter collectively “the Parties” or individually “Party”), to-wit:

**WHEREAS**, Saline County, through the Saline County Sheriff (“Sheriff”) and Saline County Sheriff’s Office (“Sheriff’s Office”), provides the Saline County Detention Center (“Detention Center”) for the housing of city, county, state, and federal inmates;

**WHEREAS**, after due deliberation and investigation, it has been determined that the costs to operate the Detention Center have increased substantially over the past several years, annually necessitating a greater, and significant, transfer of revenue from the County’s General Revenue Fund;

**WHEREAS**, the Parties recognize that it is important to properly and reasonably allocate the costs associated with housing Bryant’s inmates and the County’s inmates, as contemplated by Arkansas statute and case law;

**WHEREAS**, pursuant to Ark. Code Ann. § 12-41-504, the Saline County Quorum Court (“Quorum Court”) “prescribe[s] the method and procedure for feeding and keeping prisoners confined in the county jail.”;

**WHEREAS**, pursuant to Ark. Code Ann. § 12-41-503(a), the Sheriff is “responsible for managing the populations and operations . . . “of the Detention Facility “in compliance with the laws and the Arkansas Constitution and within the requirements of the United States Constitution . . .”;

**WHEREAS**, Arkansas Code Annotated § 12-41-503(d) authorizes the City and the County to enter into an agreement to “share the operational costs of the jail.”;

**WHEREAS**, Arkansas Code Annotated §§ 12-41-503 & 506 contemplate that such an agreement be based on the reasonable expenses incurred by the county in keeping city prisoners in the county jail;

**WHEREAS**, the Parties acknowledge that the rate set forth in this Operational Cost Sharing Agreement are the actual costs of Bryant’s prisoners, as described in Ark. Code Ann. §§ 12-41-503 & 506.

**NOW, THEREFORE**, in consideration of the mutual covenants and agreements herein contained, and for other valuable consideration, the receipt and sufficiency are hereby acknowledged, Bryant and the County agree as follows:

1. **PURPOSE.** The purpose of this Operational Cost Sharing Agreement is to establish a formal binding relationship between the City and the County, for the detention of persons charged with, or convicted of, violations of state or local law, or held as material witnesses at the Detention Center.

  - a. The Parties may extend this Operational Cost Sharing Agreement, upon terms and conditions mutually agreed upon, prior to its termination.
    - i. If the Parties are to extend the Operational Cost Agreement, the terms and conditions must be mutually agreed upon by July 31, 2025.
  - b. Termination may be accomplished by:
    - i. Either Party providing 90 days' written notice; or,
    - ii. The City's Failure to remit payment within 30 days of the payment due date, as set forth in this Operational Cost Sharing Agreement, and, after the County provides written notice of the failure to pay, and an additional 15 days to submit any past due amounts.

- i. The City further understands that the County shall be solely responsible for operational decisions regarding the appropriate level of security, inmate management, and housing of all inmates.

  - d. The County further agrees to make available to the City spaces inside the Detention Center utilized by the County for bond hearings and inmate interviews for use by the City for bond hearings and inmate interviews.
    - i. The Parties agree to cooperate with each other regarding the scheduling of the use of these spaces
6. **INMATE RELOCATION.** The County shall house City Inmates at the Detention Center, except as otherwise expressly provided in this Operational Cost Sharing Agreement. The County is permitted to relocate City Inmates to another jurisdiction if:

    - i. The City acknowledges that the costs for these treatments are included in the reasonable expenses incurred by the County, as contemplated by Ark. Code Ann. §§ 12-41-503 & 506.
      1. The cost of any medical, psychiatric, or dental or other treatment of City inmates, while in the Detention Center, shall be the primary responsibility of the City Inmate.
      2. The County will assist the City and undertake all reasonable efforts, when appropriate, to help recoup the costs associated with inmate services.

  - c. Critical medical needs. The City agrees to ensure that all critical medical needs of the arrestee are taken care of prior to their arrival at the Detention Center.
    - i. If a critical medical need is presented in the intake area, before the County fully accepts the arrestee, the County will contact the on-staff medical professional to determine the need for acute medical, mental health, or dental treatment prior to admission.
    - ii. This consultation with the County medical staff can occur in person or through video conference call.
9. **LEVY TO DEFRAY COST**. - a. The City shall be solely responsible for collecting the City Jail Fines, if they have such an ordinance.
  - b. 12. **SEVERABILITY.** In the event any term or condition of this Operational Cost Sharing Agreement or application thereof to any person or circumstances is held invalid by a court of competent jurisdiction, such invalidity shall not affect other terms, conditions, or applications of this Operational Cost Sharing Agreement which can be given effect without the invalid term, condition, or application.
  - a. To this extent and purpose of the terms and conditions of this Operational Cost Sharing Agreement are declared severable.
  
13. **DAMAGES.** To the extent that any claims, damages, losses, and expenses are caused by the concurrent negligence or intentional acts of either of the parties, its officers, agents, or employees, the Parties shall be responsible for their proportionate share of liability.

On November 28, 2023 a Resolution was passed that required all vacated positions to come to City Council for approval to hire. In that same meeting, two vacant Parks Labor positions were unfrozen. On June 25, 2024 another of the Parks Labor positions was unfrozen after being vacated.

**ITEM COMMENTARY** (Background discussion, key points, recommendations, etc.) Please identify any or all impacts this proposed action would have on the City budget, personnel resources, and/or residents.

The Parks grounds crew consists of six Parks Labor positions; the one that was unfrozen in June was hired but has since become vacant again after the individual resigned for employment elsewhere. With the Grounds Foreman position not yet filled after being unfrozen last month, along with some of our other Labor positions about to be off using their Comp time, I would like to go ahead and unfreeze this position again to start the process for trying to fill it.

This is not a new position and it is budget neutral.
