RE: Autumn Hills Regional Detention
Bryant Parkway and Shobe Road

To whom it concerns:

In regards to the proposed Autumn Hills Regional Detention Basin, the City is in support of the Detention Pond construction, as it appears that the pond will have a positive impact on an area of the City that is subject to reoccurring downstream flooding events and property damage. We look forward to seeing this work completed. Please contact us if you have any questions or comments.

Regards,

A handwritten signature in blue ink, appearing to read "Allen E. Scott", with a long horizontal flourish extending to the right.

Mayor Allen E. Scott
City of Bryant
